House Safe Looted of Jewelry, $1000 Cash

Youths, 18, Admits Break-Ins Last Week At Two GC Schools

Burglars used a waste basket to haul away $1000 in currency and jewelry and coin collections valued at several hundred dollars taken from a safe at the home of Mrs. Louisa Liefferig, 2343 Waterman avenue, yesterday afternoon. The break-in occurred between 4 p.m. and 6:10 p.m. while Mrs. Liefferig, a widow, was attending the King-Vogeler dual golden wedding anniversary celebration.

Entrance was gained by smashing a back door glass. The house was thoroughly ransacked. The safe, about three feet high and two-foot square, was rolled from a front room closet to the hallway where it was worked over with a claw hammer and hatchet before being "punched."

Stolen from the safe were the $1000 in $5 to $100 bills, a man's diamond ring, a woman's ring with double rubies and pearls, a set of earrings, four gold pieces, a collection of old coins and other assorted jewelry.

The burglars took two .38 caliber revolvers from Mrs. Liefferig's son's room. Also taken was a pair of binoculars and box of assorted coins.

The dining room bureau drawers were emptied and also closets were ransacked. The intruders forced open the door to a spare bedroom that was kept locked.

School Burglaries Charged

A charge of burglary was placed Saturday against Thomas Bloodworth, 19, of 2311 East 23rd street, who admitted taking part in two break-ins at Granite City schools. Burglaries at three schools—Nameoki, Wilson and

It's Finger-Crossing Time Again for Nameoki Rd. Job

Granite City's officialdom — and many other Granite Cityans — are going around with fingers crossed this week.

A February bid call for the Nameoki road improvement project hangs in balance with a report from the state highway department at French Village today to go to Federal Bureau of Roads at Springfield for a final "OK."

Subject of the report is the city-state success of encroachment removals—demanded earlier this month by the federal bureau before it would approval a bid call.

While the January bid call is past history without any mention of the Nameoki road project, a week's time will tell if the federal requirements have been fulfilled.

Assistant City Atty. Leo Konzen said the state highway officials feel the city's obligations have been met, and the entire roadway from St. Clair avenue north was inspected on Friday.

All signs and posts have been removed from the right-of-way, and in instances where other encroachments still prevail, firm commitments have been secured, it was reported on Friday — the deadline date.

"We could not have met the deadline without the volunteer cooperation of the indivduals involved who had signs and posts moved, even at their own expese," Konzen said.

In one instance, it was necessary only for an advertising sign to be turned 90 degrees. Konzen explained, the project could have been delayed for months, if any of the individuals had decided to go to court over the issues.

The bid call is expected about Feb. 10.

HOOD UP— a familiar sight Saurday morning when hundreds of Quad-Cityans experienced difficulty in starting their autos in eight-below-zero temperature. Sub-zero temperature prevailed again Sunday morning.

Deepfreeze Stalls Autos, Blocks 100 Water Lines

Even a much-in-demand tow truck had to be towed Saturday morning when the temperature in the Quad-Cities dropped to the season's lowest — eight degrees below zero.

Hundreds of motorists were unable to start their cars because of frozen batteries and gas lines, and service stations were swamped with calls for help. A familiar scene was the well-bundled motorists trying to get going.

One auto owner, who had his car washed for a wedding Saturday night found himself trapped in his car when he got home. The doors were frozen shut. He was able to force his way out with considerable effort.

While the subzero weather Saturday and Sunday favored ice skaters, it also froze water pipes at homes not only slowed vehicular, but also barge and boat traffic on the ice-clogged Mississippi River and through the Chain of Rocks canal.

Lockmaster Roy Elliott said the canal is "chuck full of ice," and that boats trying to tow two or three units wide are taking three to four times longer as those towing one unit wide.

Normal Operation

"We've had 12 tows in the last 24 hours, and I guess that's normal for this sort of weather with ice and all," said the lockmaster, Ray Elliott.

East St. Louis and Interurban Water Co. repair crews worked over the entire weekend to answer 100 calls from Quad-Citians reporting frozen water pipes.

One such call was from the Illinois Power Company's local office this morning where frozen water pipes were discovered.

A power company official said figures for the amount of gas consumed over the weekend were not yet available, but that a record amount was expected.

License Application Deadline Tomorrow

Tomorrow is the deadline for application for 1966 state license plates if the Feb. 15 date for having the plates mounted on vehicles is expected to be met.

Secretary of State Paul Powell said that Feb. 1 is the deadline since it would take 10 days to two weeks to process applications.

In St. Clair County

Levee Board Income Aided in '65 by Double Tax Collection

The East Side Levee & Sanitary District had a total income of $4,070,132 during 1965, an increase of $2,056,996 over its 1964 income, but expenses for the year rose to $3,188,641, or $525,251 more than 1964 disbursements, according to the district's annual report released today.

Levee district auditors explained the unusually high receipts were due solely to the oddity of two tax collections in St. Clair county during 1965.

Because of late collection of 1963 taxes, which didn't get under way until early 1965, and subsequent collection of 1964 taxes during the same year, the levee district received double tax receipts during the 1965 fiscal year. During 1964, levee district receipts amounted to $2,013,136.

As a result, the district ended the 1965 year with cash balances of $1,588,538. Of this amount, only $280,917 remained in the general fund, with the balance allotted in varying amounts to the district's several bond principal and interest accounts and different project funds. The cash balance at the end of 1965 was a little more than twice the balance of $707,047 at the end of the 1964 year.

The $4,070,132 income, together with the cash balance of $707,047 from the 1964 year, gave the district total capital of $4,777,180 during the 1965 fiscal year. This compares to a total of $3,370,439 from income and balances available during the 1964 year. Total disbursements of $3,188,641 applied against the total capital left the Dec. 31 balance of $1,588,538.

Bank Deposits Shifted

Distribution of this balance revealed an extensive shifting in bank depositories with $1,038,811 on deposit in the Bank of Cahokia. Last year the Cahokia bank was holding deposits of $459,960 in levee district money. The Bank of Belleville, which at the end of 1964 had levee district deposits of $333,320, was holding only $50,333 in levee district deposits as of Dec. 31, 1965. The Bank of Edgemont, which had levee district deposits of $4420, and the Southern Illinois National Bank of East St. Louis, which had $7078 in levee district deposits, in 1964, are not listed as depositories in the district's balance distribution at the end of 1965.

Cash in the First Granite City National bank was listed at $70, the same as 1964, while only $2398 was deposited with the First National bank of East St. Louis compared to $46,294 the previous year.

The First National Bank in Madison is listed with $398,365 deposits at the end of 1965, compared to $81,285 at the end of 1964. A sum of $46,256 still is on deposit at the Illinois State Bank of Quincy. The figure is the same as 1964. Deposits at the Bank of St. Louis total $11,829, compared to $12,996 the previous year.

The report shows that disbursements out of the general fund—covering cost of administration, maintenance, engineering, police and other operational activities—amounted to $1,938,004 in 1965, compared to $1,208,714 during 1964.

Area Tax Lower

While the district's income increased substantially, income from that part of Madison county lying within the district was

MRS. HELEN COOLIDGE

Mrs. Coolidge, 85, Widow of Educator, Dies at Home

Mrs. Helen A. Coolidge, 85, noted local clubwoman and widow of Walter F. Coolidge, an outstanding Granite City educator, died peacefully at her home, 2325 Delmar avenue, yesterday morning while waiting for friends to arrive to take her to church.

Mrs. Coolidge, a resident here for 53 years, was found by Mr. and Mrs. Glen Rice, shortly after 8 a.m. Sunday. The Rices customarily stopped by the Coolidge home, where Mrs. Coolidge lived alone, to take her to the First United Presbyterian Church at 22nd street and Delmar avenue.

There was no response to their knock Sunday morning, and the Rices entered the house. They found Mrs. Coolidge dressed for church, lying on a couch in the dining room. She had been dead only a short time. Mrs. Coolidge had a heart ailment.

Mrs. Coolidge was well-known to the travelers of Delmar avenue. It was her custom to sit on a lawn chair in front of her home each evening that weather permitted. Before he died on Dec. 25, 1963, Mr. Coolidge was always with her.

Mrs. Coolidge was a native of Galesburg, Ill. She attended schools at Knoxville and was graduated from Knox College in 1901. She did post graduate work at Chicago University. She taught English for two years at the local high school, where her husband was a principal and teacher, and was a substitute teacher for a number of years. She also taught at extension school for the old Common-

Remodel Plant To Mix, Blend Farm Plant Food

Demolition of part of the Smith-Douglass Co. fertilizer plant on Route 162 will be completed in February, making possible remodeling work and the start of new production this spring. Current operations had halted Jan. 1.

In the past, the plant processed raw material used in Florida citrus orchards and on celery farms in the south.

The new activity, mixing and blending of plant food and fertilizer for use on midwestern farms, will include preparation of finished products for the first time. The bags will be individually blended to meet the specifications of each farm. Crops involved will include corn and soy beans.

Initial employment following the remodeling is estimated at eight persons, and this is expected to be expanded later, it was learned today from Mrs.

208-Day Strike Ends; Back to Work Tuesday

THIS IS IT!— the new contract ratified Friday night by members of the striking Oil, Chemical & Atomic Workers Union, Local 7-663 of Union Starch & Refining Co., ending the bitter seven-month strike. Reviewing the contract, at the union mass meeting, left to right, are—John Hamm, committeeman; William Moore, committeeman and vice-president; Thomas Austin, president; Billy Dixon, committeeman, and William McKeee, committeeman and grievance committee chairman. Starch Co. Employees Vote 216-62 for Pact During 3-Hour Meeting

The long, bitter and costly strike by members of the Oil-Chemical and Atomic Workers Union, Local 7-663, against Union Starch & Refining Co. came to an end Friday night as a new contract was ratified by a vote of 216-to-62 after a three-hour meeting in the Labor Temple.

Employees are expected to be on their jobs tomorrow and were asked to report this morning and again from 2 to 4 p.m. today for job assignments.

The new agreement will run until July 1, 1967, when it may be reopened if either party desires.

A 12-cent across-the-board pay increase was granted and the union automatically will obtain pay increases and benefits granted in the rest of the wet-milling industry effective this July 1. Lost wages for the 420 strikers have been estimated at nearly $2 million dollars.

Craft assignments represented the major issue in the strike, according to Thomas Austin, local president, who said Friday night an agreement could have been reached in August otherwise. The strike began last July 4 and was the longest strike in the company's history.

Union Wins Point

Austin said the company wanted production employees to perform simple maintenance work "which would have eliminated some maintenance employees. The union won this point," he said.

Also disputed were company demands that other craftsmen, such as pipefitters, perform welding work. Under the agreement, Austin said, craftsmen may perform as welders on a voluntary basis, but cannot be forced to do so.

Austin said that "time lost as the result of the strike will not affect pensions or vacations, and the period will be counted as time worked."

During the meeting, which lasted from 7:30 to nearly 11 p.m., some members voiced strong objections to provisions of the contract, which first was read in full; but the session remained orderly.

Happy Community

Mayor Partney echoed the feelings of the community when he commented to a Press-Record reporter:

"I'm glad it's over and they're going back to work, but I feel this could have been done in August."

Pontoon Board Votes to Clean Lake, Area

Passage of a health regulations ordinance, first reading of an ordinance to prohibit firing "BB" guns within the village and appointment of a new police officer were actions Thursday evening by the Pontoon Beach village board.

Adoption of the health law, with fines up to $100 for each violation, coincided with a report to village officials from C. W. Klassen, chief sanitary engineer for the Illinois Department of Public Health.

Klassen advised the trustees that in response to requests from local residents and officials of the Illinois Department of Conservation, Paul A. Blakesly, a health department engineer, had inspected the Long Lake area on Dec. 14.

His report noted that numerous health hazards, termed varied and complex, were evident and recommended that village officials take action to enforce health regulations. Klassen said local officers have full authority to enforce nuisance abatement ordinances.

Citizen Group Recommended

The state health officer also recommended the formation of a Citizen's Advisory committee to suggest ways of eliminating sources of water pollution and promoting a clean-up program for the lake area. The report also noted the advantages of an adequate refuse collection.

Village President Thomas Staicoff said he would call on any resident to discuss solutions and called for interested persons to contact him. He will appoint a citizen's group prior to the February meeting.

The new health regulations include banning sale of unwholesome food or drink, unsanitary handling or storage of food, pollution of water, depositing of garbage or dead animals, collection of filthy substances, permitting buildings or place to remain in unhealthful or unsightly condition. It prohibits maintaining or creating an open drain, sewer or cesspool or failing to properly dispose of sewage or refuse.

Zoning Commission

Staicoff announced he also will appoint a seven-man zoning commission at the next meeting, Feb. 24, to formulate a zoning ordinance.

John "Mickey" Merz was appointed to the police force, joining the staff of Marshal Douglas Harvey and Capt. Merle Hensley. Other patrolmen are James Dunham and Edward Jelf.

The police officials announced a St. Patrick's Day dance is being planned for March 19, with proceeds to be used to purchase a police vehicle. The village officers now use their own autos and are given expense allowances.

Following complaints from residents on low electric voltage, Illinois Power Co. said in a report that readings taken in different areas of the village showed adequate voltage quotas are being received.

Firemen Brave Frigid Weather On 18 Alarms

Firemen of the Quad-Cities braved frigid, sub-zero weather over the weekend to battle 18 fires.

The total included two homes that were destroyed by fire — a two-room frame house on Kerr Island, Venice, at 2:10 a.m. Saturday and a four-room frame dwelling near Bend road at 12:30 p.m. Sunday.

An exploding coal stove was blamed for yesterday's blaze at the home of Mr. and Mrs. Claude Clark, 118 Rose avenue. The family was away shopping at the time, and the one-story structure was a total loss.

Horseshoe Bend firemen prevented the flames from spreading to the adjacent home of Mrs. Clark's father, Murrell Lee. The Clarks and their five sons, ranging in age from two to 15, will stay temporarily with his parents, Mr. and Mrs. Earl Green, 2107 Grand avenue.

The fire department auxiliary launched a furniture and clothing drive to aid the family; Mrs. Georgia Borger or Mrs. Eileen Robinson may be contacted. Neighbors of the Greens today appealed for financial aid for the Clarks; it may be sent to the Grand avenue addfess.

Venice Home Burns

The Venice blaze, caused by an overheated coal stove and a stopped-up flue, burned down the house of Isaac Wright, a bachelor, at 532 Slough road. Wright escaped without injury.

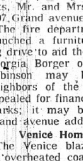

The thermometer was at about 8 degrees below zero as 10 volunteer firemen answered the

Bird Nest in Flue Blamed for Death Of Venice Man

A Venice railroad worker, Frank (Vasques) Basques, 37, was found dead about 11 a.m. Saturday in his room at a boarding house at 254 Main street, where firemen later discovered a bird's nest had clogged the flue.

His death is believed to have been caused by carbon monoxide.

An inquest is pending and will be conducted by Deputy Coroner Robert Thomas.

Mr. Basques, a section laborer for the GM&O Railroad, was found in his upstairs room by his sister, Miss Josephine Vasques, who lives at 258 Main street, just two doors away. She found him in bed, partially covered.

Police were summoned and said the room was filled with smoke and gas that apparently came from a flue stop in the room.

Noticed Smoke Friday

Miss Vasques said she had been to see her brother Friday night and noticed smoke in the room. She suggested he open a window, but he replied that it would only draw in more smoke. She left about 9 p.m. A downstairs tenant, Mrs. James Johnson, said she heard Basques moving about his room about 11 p.m.

The landlady, Mrs. Opal Andrews, who also lives in the house, said she had called a fur-

Mayor Partney Squelches Rumor on Chief Change

No change in the office of police chief of Granite City is in the making, Mayor Donald Partney told the Press-Record over the weekend.

Mayor Partney squelched the current rumor that Sheriff Barney Fraundorf is to replace Chief Raymond J. Willaredt at the end of the sheriff's term of office in December of this year.

"There's nothing to it," Partney said, referring to the rumor. "I've got a police chief, and things are working out fine."

Rumors Rampant

The rumor went rampant after Thursday's publication of a statement by Madison Mayor Maeras that Fraundorf's political future in the county "is deader than a door nail." Maeras made the statement at a meeting of the Southwestern Illinois Council of Mayors in Madison on Wednesday.

Mayor Partney said he has heard the rumor a number of times. When asked if it might have resulted from his meetings with Mayors Maeras of Madison and Lee of Venice, Mayor Partney said he had dinner with the two mayors once a month at a local restaurant only to talk over mutual problems of the three local cities.

The rumor was that an interim chief was to be named until Fraundorf is available late in the year. "No change is planned," Mayor Partney stated.

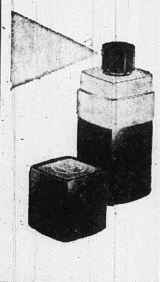

In a discussion a month ago with a Press-Record reporter, Mayor Partney commented that he was pleased with the operation of the department as it was being carried out by Chief Willaredt.

Mrs. Ethel St. John Dies in St. Louis

Funeral services were held today in Edwardsville for Mrs. Ethel Kidd St. John, 68, of 28 Circle drive, Edwardsville, who died at 8:05 p.m., Thursday, at Deaconess Hospital, St. Louis, where she had been a patient for 17 days. She was the widow of former Granite Cityan, Alva St. John, who died last May.

Mrs. St. John was a member of the First Christian Church of Edwardsville, where she had lived for the past 45 years. She was born in Brocton, Ill. Her first husband, Ivan B. Kidd, died in April, 1954.

Survivors include a stepson, Richard St. John of Granite City; two sons, Charles Kidd, Dallas, Tex., and Joseph Kidd, Wauconda, Ill., two daughters, Mrs. Lindell (Ann) Johnson and Mrs. Floyd (Ruth) Spengel, both of Edwardsville; two brothers, Andrew Lake, Coral Gables, Fla., and Pearl Lake, Pittsfield, Ill; four sisters, Mrs. Lily Gardner, Hammond, Ind., Mrs. Elizabeth Pickering, Idaho, Mrs. Stella Ferdinandsen, and Mrs. Helen Robertson, both of Orlando, Fla; nine grandchildren and three great-grandchildren.

Brother of Two Local Residents Succumbs

George F. Krause, 81, of Shipman, Ill., a retired farmer and the brother of two local residents, died Thursday at Carlinville Area Hospital. Funeral services were held Saturday afternoon in Zion Lutheran Church, Shipman.

Among the survivors are his wife, Mrs. Emma Krause; four sons; and two sisters, Mrs. Louise Genard and Mrs. Augusta Meyer, both of Granite City.

Two-Car Collision

Two cars were damaged in a collision at 5:55 p.m., Thursday, on McCambridge avenue, Madison. Police said an auto driven by Dean R. Thompson of 2047 Alton avenue, Madison, struck a car turning into a service station driven by Mrs. Marie C. Smith of 33 Venice Homes, Venice. Both vehicles were heading north on McCambridge.

1966 Goals Outlined

Steinhauser Renamed President of Boy Scout Council

Officers of the Cahokia Mound Boy Scout Council were re-elected by acclamation during the council's annual meeting held Thursday evening in the cafeteria of North junior high school in Collinsville. Nearly 100 Scouters were in attendance for the dutch-treat dinner meeting.

Renamed for a second term as president was A. P. Steinhauser of Granite City, works manager at American Steel Foundries.

Council vice-presidents renamed were Howard Kaseberg and G. Rollin Henn, both of Granite City, and Dr. M. W. Grimm of Collinsville; and Nicholas R. Brink of Granite City was re-elected treasurer.

Quad-Cityans elected as council members-at-large were Glenn Abenroth, Milton Allen, John X. Andersen, Frank Barclay, Jule Bartels, Nicholas Brink, Rev. Alfred Buls, D. J. Davis, Warren Decatur, Harold Fischer, Melvin Gillie, Joseph Glix, Ferd Goewert, Carl Graham, Rollin Henn, William Hoelscher, Russell D. Johnson.

Henry D. Karandjeff, Howard Kaseberg, Austin Lewis, Carl Mathias, George Moore, Mayor Donald Partney, Christ Pashoff, Carl Ranft, Otto Romann, Arthur Roseman, Leo Schermer, Irvin Slate, John Solenberger, Richard Spillers, A. P. Steinhauser, G. H. Sternberg, A. C. Stoever, Jon Tarpoff, Ernest Veihl, Gerald Walters, William Webb, Dr. George Wilkins jr. and Marshall Wittevrongel.

Named as associate members were Joseph Sunnen, J. E. Corrie, C. P. Whitehead and Richard Tibbals.

Executive Board

Local members named to the council's executive board follow: Steinhauser, Kaseberg, Henn, Brink, Edwards Applegate, Rev. Buls, D. J. Davis, Gillie, Graham, Hoelscher, Allen Jessee, Karandjeff, Mathias, Slate, Solenberger, Spillers, G. H. Sternberg, Stoever, Walters, Wittevrongel and Roman.

Scout Executive Eugene Coe, in presenting his report of 1965 activities, said the 1966 goal under the second year of the "Breakthrough for Youth" program is 4785 boys in 185 units—a growth of 450 boys and 27 units. He said 1965 ended with 13 new units organized for a total of 168.

Among Nation's Leaders

"For the fourth year we were among the top 75 councils in the country with over 75% of the Scout Troops and 50% of Boy Scouts in summer camp," Coe announced.

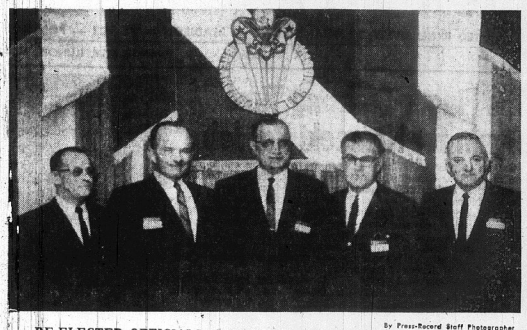

"Our Camp Sunnen again received the coveted 'A' pennant in the national camp inspection.

"We have made progress, but we are still reaching about one out of every three boys who want to be Scouts. The first big step in 1965 was completed with the realignment of our five districts into three new districts that will increase the efficiency of council and district operation. Our next task is to increase the effectiveness of service rendered by the dedicated manpower of these districts," Coe added.

Goals for 1966

The goals for 1966, outlined by Coe, are —

A 10.3% increase in boy membership.

Council President Steinhauser stressed the importance of the new long range plan of growth, development and achievement for the council and the dedicated devotion and team cooperation of the volunteers and the professional staff.

Also participating on the program were Walters, who presented the resolutions; Judge Austin Lewis, who presented constitution changes; Stoever, who presented the achievement recognitions; Dr. Grimm, who gave the nominating report, and Sternberg, who installed the re-elected council officers.

The flag ceremony was by Scouts of Collinsville Troop 83.

Optimists See Film Tour of The 49th State

Scenic vistas of summertime Alaska, including a filmed tour of the 49th state's two major cities with their modern hospitals, schools, industries and universities were shown by Dr. Robert McVicar, Southern Illinois University's vice-president for academic affairs, who was guest speaker Thursday, at the Granite City Optimist Club's luncheon meeting, held in the YMCA.

In narrating the films, Dr. McVicar described the state's principal industries, reporting that pulp wood manufacture, fishing and off-shore oil production provides the major share of employment.

Several of the sequences were filmed in Anchorage and Fairbanks, which the university official visited last year along with other U.S. educators. The group also toured several U.S. defense installations as special guests of the federal government.

Dr. McVicar was introduced by Dr. Raymond E. Troyer, also on the SIU-SW campus staff and a member of the local Optimist Club. Thirty attending the meeting, including a guest, Gene Sternberg jr., a student at the University of Illinois, who with other local college students, will present a panel discussion at this week's Optimist luncheon. The program topic will deal with current trends and ideas of today's youth.

Edward R. Stone, Optimist president, conducted a brief business session, reminding members of an attendance and membership drive, scheduled to get underway this week. He also reported that a quarterly district meeting is slated to be held Feb. 12-13, at Augustine's restaurant, Belleville. Several local Optimists indicated they planned to attend.

3 Divorces Granted In Local Court

Three divorces were granted in the Granite City Third District circuit court this week.

Ruby Koller, was given a divorce from Ralph J. Koller jr., and obtained custody of their three children. Desertion was charged and Koller was ordered to pay $100 a month support for the children.

The Kollers were married in Madison on June 29, 1946, and seperated in March 1963.

A divorce charge of cruelty was upheld and the maiden name of Hutchinson was restored for Brenda Hildreth against Gerald Hildreth.

The couple was married June 19, 1965 and separated on July 10 the same year. They had no children.

Leonard Lupa obtained a divorce from Helen Lupa on charges of desertion, but was ordered to pay $25 a week for the support of two minor children whose custody was awarded to the defendent.

They were married in East St. Louis on July 12, 1938 and separated in September 1957.

GC Science Teachers Stress Need in Keeping Up to Date

Despite the need for an overall science consultant in the Granite City school system, plus greater coordinatoin in this field at all education levels and additional materials to supplement some outdated textbooks, the majority of local high school science majors currently enrolled at state universities are considered above average students in this educational field.

This report was part of an overall science curriculum study presented last week to the Granite City School board members.

The study was conducted by a committee of principals and teachers, including Fred Noeth, principal of Washington school and science committee chairman; Robert Rash, Marshall school teacher; John Sikora and Mrs. Patricia Mueller, Central junior high school science instructors; Clyde Lee, Webster school principal; Ralph E. Miller, Coolidge junior high school biology teacher; and Theodore Noeth, high school science department head.

Sikora and Mrs. Mueller reported that to supplement the 1955 textbooks used in the seventh grade, pupils are provided mimeographed sheets containing information taken from up-to-date publications and science manuals. They have compiled a small library, the two teachers related, with the books available to students for additional study.

Continuing on the same topic, Miller explained that some of the outdated science texts causes great amusement among students who read that man may be expected to orbit in space, especially since they have seen the actual flights on television.

All the science instructors agreed that with the rapid advancements taking place in scientific areas today, textbooks quickly become outdated. They recommend the purchase of basic textbooks, containing standard scientific facts, to be supplemented with current periodicals and other available material.

Noeth reported that laboratory facilities, equipment and most teaching materials at the senior high school are excellent, with crowded lab space being the only deterring factor. He expressed his department's appreciation to the board for their cooperation in acquiring necessary equipment.

The department head added that in checking progress of local high school graduates, now enrolled in college, their grades maintain a high average in the science courses. He said that teachers presently being graduated from state universities receive a better all-around background in the science area.

It was pointed out by the committee chairman that to his knowledge none of the present Granite City elementary school teachers are science majors, therefore limiting the amount of preliminary science instruction given prior to the seventh grade.

Noeth said that interest in the sciences by students is usually created prior to reaching the more specialized science courses offered in high school, such as chemistry, physiology, physics, biology and general science.

Slowness of Supplies

GC Mother Expresses Concern About Son in Vietnam

Concerned because her son in Vietnam is not receiving mail, unable to obtain rudimentary items and is distressed by inefficient handling of in-coming supplies, Mrs. Dorothy Achenbach, 2410 Sheridan avenue, contacted local Red Cross representatives last week and also related her anxiety to the Press-Record. She quoted various national figures who are also showing similar concern in speeches and articles on the same subject.

Mrs. Achenbach and her husband, Roy, have two sons serving in the Far East. Pfc Phillip D. Achenbach, 24, in Vietnam and LeRoy, 25, who is with the Peace Corps at Bau, Sarawak, Malaysia.

Pfc Achenbach, who arrived in Vietnam on Jan. 1, volunteered to serve there while stationed in Germany. He spent a 20-day leave at home before leaving for the Far East on Dec. 28.

Currently with the First Calvary, Pfc Achenbach, a three-year Army veteran, has been assigned to unloading ships at a South Vietnamese port. According to his last letter dated Jan. 22, the soldier said that regular longshoremen on the American supply ships are not allowed to unload the vessels or come ashore, resulting in military personnel, unused to handling cargo, being compelled to do the work with less efficiency and at much slower speed.

Their older son, LeRoy, who received his master's degree last year at Southern Illinois University, is teaching English, history and physical education at a Bau, Sarawak school, where several of his 12-15 year old pupils are Chinese. He volunteered for the Peace Corps last fall and arrived in Malaysia in October. He expects to remain there about two years. Mrs. Achenbach pointed out that the brothers are about 700 miles apart.

Alton State Hospital Building Ready for Use

Various departments and services connected with physical care of patients have been moving into quarters at Alton State Hospital's new medical-surgical building during the past few weeks.

Officials believe it will take another four weeks to complete the transfer, including the resettlement of some 60 acutely ill patients in the 120-bed facility.

The structure, built at a cost of $2½ million, includes dental offices, a hygiene office, day rooms, an emergency room, offices for doctors and nurses, laboratories and other facilities.

Mrs. Nina E. Schuster Dies of Heaft Ailment

Mrs. Nina E. Schuster, 72, of 5154 Lakeview drive, died about 9:30 a.m. Friday at St. Elizabeth Hospital where she had been a patient for 19 days. She had been ill with a heart ailment for several years.

Mrs. Schuster lived in St. Louis before moving here about 20 years ago. Her husband, Henry, a painter, died in 1964.

Survivors include a daughter, Mrs. Robert (Jeanne) Schwent of Granite City; a sister, Mrs. Helen Melton, and a brother, Jesse Cook, both of St. Louis, and two grandchildren.

Services were held this afternoon at a St. Louis funeral home, and burial was at Oak Grove Cemetery, St. Louis.

Two-Auto Collision

Involved in a collision Saturday afternoon at Rhodes and McNair streets were westbound autos driven by Eldred Sellers, 2028 Beckwith street, and Jess Foster, 2022 Edwardsville road.

Speeding Charge

Donald Smith, 2932 Warren avenue, was issued an arrest ticket Sunday evening at 23rd and Adams streets on a charge of speeding. His hearing is set for Feb. 11.

Nuptials Read Sunday for Miss Hinson, C. A. Johnson

Miss Jean Alice Hinson, daughter of Mr. and Mrs. Elmo A. Hinson, 1538 Cottage avenue, became the bride of Charles Henry Johnson, a grandson of Mrs. Ella Flaxbeard, 3169 Aubrey avenue, Sunday afternoon at Niedringhaus Memorial Methodist Church.

After the ceremony, which was performed at 2 o'clock by the Rev. R. Paul Sims before the altar adorned with white gladioli and greenery, there was a reception in Wesley Hall of the church.

The bride's antique white satin gown was fashioned with an A-line skirt, an empire waistline and long pointed sleeves. Alencon lace appliques enhanced the hemline of the skirt and the chapel-length, detachable train. A circular satin headband held secure the bride's fingertip veil and she carried white orchids on a Bible.

A program of wedding music was provided by Warren Simpkins, soloist, who sang "Wedding Hymn," "Jesus Stand Beside Them" and "Wedding Prayer," accompanied at the organ by Mrs. Simpkins who played the wedding march and recessional.

Attendants for the bride were her sister, Mrs. Edward Colligan, matron of honor, and Miss Lyn Mossberg and Miss Candace Martin, bridesmaids, both sorority sisters of the bride. They all wore gowns of emerald velveteen styled on empire lines completed with green cabbage roses and net headpieces and held cascade bouquets of yellow rose buds.

A little flower girl, Cheryl Lynn Cuvar, cousin of the bride, was dressed like the bride with a white satin bow and net headpiece. She carried a nosegay of yellow rosebuds. Jeffrey Alan Colligan, a nephew, was ring bearer.

Richard Moffitt, a fraternity brother, was best man for Mr. Johnson; and groomsmen and ushers included Edward Colligan, Theodore Vrenick, the bride's cousin, Gale Cuvar, another cousin, and Kenneth Johnson, the bridegroom's brother.

The newly-wedded pair will make their home in Bloomington where they are attending Illinois Wesleyan University. Both will graduate in June. They are business administration majors and the bride is vice-president of her sorority, Alpha Gamma Delta.

Mr. Johnson is a member of Alpha Kappa Psi, professional business fraternity. They are graduates of Granite City high school.

The rehearsal dinner was given Saturday evening at the Rose Bowl by the bridegroom's grandmother.

Present beside the wedding party were the bride's parents and Rev. and Mrs. Sims.

MODELING COSTUMES of yesteryear at the fashion show held by the Dow Diamonds were, left to right— Mrs. Nora Halvachs, Mrs. Marie Bayer and Mrs. Helen Presley. The bustle dress worn by Mrs. Presley was worn by her grandmother in 1889.

Warriors Bag 8th Consecutive SW Mat Crown

By Press-Record Staff Photographer

NO, IT'S NOT A WHEELBARROW RACE. Mike Andria (white uniform) lifts Wood River's Steve Rives in an effort to score a pin during a wrestling double-header at Granite City Friday afternoon. Andria won a decision over Rives, 14-0.

Granite City's ninth consecutive Southwestern Conference wrestling championship is in the bag. None of the other six conference opponents can snatch the crown away from the Warriors.

While winning the title, The Warriors stretched their season mark to 10-0, their conference record to 6-0 and scored wins over Wood River, 35-13, and East St. Louis, 40-8, Friday afternoon in a mat doubleheader.

Edwardsville is second in the conference race with two losses, and will have a chance to upset the Warriors at Edwardsville Tuesday night at 7 p.m.

Bill Fuchs, heir apparent to the state 95-pound crown, scored the quickest pin of the season for the Warriors, in pinning Wood River's Mike Fulkerson in 25 seconds.

George Gill, the Flyers' match for Fuchs, was the second wrestler to avoid being pinned by Fuchs this season. Gill lost to the Warrior on a 7-2 decision. Fuchs had pinned him twice in earlier competition this year. He has 23 pins in a perfect 25-0 slate.

Mike Andria of Granite City won both of his matches, decisioning Steve Rives of Wood River, 14-0, and decisioning Dave Brownridge of East St. Louis, 2-0.

In the Wood River match, Granite City won the first eight weight classes on four pins and four decisions; scored three opening match pins; and won a total of the nine individual matches.

The Warriors won all but two matches against East St. Louis, in clinching their ninth consecutive conference crown.

Granite City has won the Southwestern conference title every year since 1959, when the conference resumed wrestling competition. The last year it was held previously was in 1948, and the Warriors won it that year.

The Edwardsville Tigers, victims of Granite City 24-19 earlier this year, will play host to the Warriors on Tuesday, and Granite City coach Bill "Red" Schmitt feels that the outcome will be close.

"The meet should be a really good one. They are always stronger at home than when they wrestle on the road," he said about Edwardsville.

In that meeting earlier in the year, Granite City won six individual weight classes, Edwardsville five, and there was one draw.

Trojans 'Hottest Thing Going' At Jerseyville

Madison's Trojans proved to be the hottest team in the Jerseyville gymnasium on the coldest night of the year, as the Earl McClanahan coached team whipped host school Jerseyville, 97-55 in a non-conference game Friday night.

The Trojans jumped out in front with an 18-11 first quarter score and then limited the Panthers to a mere eight points, while netting 24 themselves.

Neil Podoba, who had just rejoined the Madison team following an elbow injury earlier in the season, proved he was back in form as he scored 19 points for Madison.

Dale Turner was the evening's top scorer with 14 field goals for 28 points. Gary Lusk clicked on eight baskets and six free throws for 22, and Steve Geroff netted 11 points.

High scorer for the Panthers was 5' 8" Gary Goodman with 18 points on seven buckets and four free throws. Steve Watkins added 10 points for the Panthers.

Paul Lusk, who had averaged 28 points a game in Madison's first two contests, failed to score but four points, as he played his third game since rejoining the team.

Madison put together two big quarters in the final half scoring 28 and 29 points in the third and fourth periods to increase their margin of victory.

"This is one game where we finally put together four good quarters," McClanahan said. The Trojan mentor played all 11 boys he dressed for the varsity contest.

"Our shooting was real fine, and we looked good at all times; in fact it was an all-around fine performance by all 11 boys," added McClanahan.

The game left the Trojans with a 12-5 overall season slate.

TWO TO ONE ODDS failed to stop Granite City's Elmer Wortham from pulling down this rebound against Belleville Friday night. Wortham laid the ball up for a basket and was fouled by Belleville's Bill Snellings (52) Sid Clemans (40), Jim Martin (50), Joe Wiley (42) and Jim Hentzel (45) look on.

Maroons Halt Warriors' Bid for 'Revenge' Win

The Belleville Maroons beat Granite City's Warriors, 87-76, at Belleville Friday night, in what many thought would be the rough and rugged rematch of the year.

As it turned out, the game was marred by 50 fouls—27 for Granite City and 23 against Belleville—which at one time saw three of the Warriors' starting five on the bench in foul trouble.

Elmer Wortham committed a foul on the opening tip-off and Belleville's Bill Snellings made the free throw to give the Maroons a 1-0 lead.

Larry Ripka sank a jump shot for Granite City to make the score 2-1, the only time that the Warriors led during the game.

Belleville's Snellings and Joe Wiley with help from Jim Martin and Sid Clemans dominated the boards, pulling down 39 rebounds to Granite's 20. The Maroons had 25 offensive rebounds for the evening and numerous second and third shots at the bucket.

At the end of the first quarter, Belleville led 20-15, and held the same five-point margin at halftime, 42-37. During one point in the third quarter, Granite City was sparked by Belleville errors and pulled to a 49-50 score, with 3:45 remaining in the period.

Then the Warriors started to get into foul trouble, with Wortham drawing his fourth personal shortly afterwards.

Within the next four minutes the Maroons had scored 16 points to the Warriors' six.

Granite City had to play hurry-up ball during the fourth quarter, but fell short as Terry Moore, Elmer Wortham and Jim Hentzel were benched at one time with four fouls.

Moore fouled out with 5:09 left, Hentzel with 3:38 remaining, and Wortham with 3:11 left in the game.

Belleville's Johnnie Greenwood committed his fifth personal with the clock showing 37 seconds left to play.

"They were so much bigger and kept getting those second and third shots off the rebounds," Granite City head cage coach Ralph Sackett said.

"Heck, we don't get but 25 rebounds a game and they got that many on offense alone," he added.

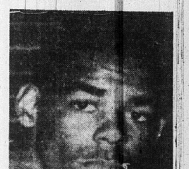

The loss was the eighth in 19 games for Granite City and their sixth in eight conference games. Belleville now has a 13-3 slate.

Vikings Play It 'Cool'; Lose, 37-24

St. Paul of Highland tried a new technique on the Venice Red Devils in an effort to pull a home court upset Friday night, but the strategy backfired and Venice won, 37-24, in an MCM conference game.

The Vikings used a stall method of play, trying to limit the red-hot Red Devil shooters to a few baskets as possible. In a previous conference game, the Red Devils jumped to a 30-point lead, and finally won the game 83-62 at Venice.

The contest left Venice with an 8-1 conference mark and an 18-1 overall slate, while the Vikings are 3-5 in the conference.

"It wasn't much of a game at all," said Venice coach Bill Ohlendorf. "They stalled and tried to get the good shot. What they wanted to do was to keep the score down," he added.

Rich Essington paced the Red Devils with five field goals and five free throws, while Percy Dillon hit on five goals and three charity shots.

Top scorer for the Vikings was Mike Hess with 10 points.

The low scoring game was broken "wide open" in the final period with each team scoring 16 points. Scores at the end of the first three quarters were 8-2; 12-3; and 21-8 with Venice in front.

Warrior Jayvees Down Flyers

The junior varsity wrestling team at Granite City scored a 29-10 dual match win over East St. Louis' jayvees team Friday afternoon at Granite City.

Warriors scoring pins were Gary Oxford (103), Dempsey Cross (133), and Paul Hoffman (138). Gus Schalkman (112), Terry Yaeger (45), Bruce Illies (154) and Bob Newman (180) won on decisions.

Bill Gibson (120) wrestled to a draw, while Dave Wolfe (127) lost on a decision and Pat Breese (165) was pinned. Both teams forfeited the heavyweight and 95-pound classes.

The win was the ninth consecutive for the Warrior jayvee team against no setbacks this season.

Prather Downs Roxana, 36-16

Prather evened its season mat record at 4-4 and pinned a 36-16 loss on Roxana junior high at Prather Thursday night.

Pin winners for the Chiefs were Bob Niesporek, Ricky Smith, Ricky Barnhardt, Bill Carter, Sam Nighohossian, and Dennis Holloway.

Randy Fowler and Alan Ellsworth won on decisions for Prather, while Ed Ames and Tom Rippee lost by pins and Roy Waugh and Ricky Buckingham lost on decisions.

The Chiefs will close out their wrestling season with a home meet against Belleville on Tuesday and a dual match at Coolidge on Friday.

Braves Bomb Webster; Tie For League Lead

The Madison junior high conference basketball race has tumbled into a tie between Coolidge and Collinsville Webster by virtue of the Braves 71-57 win over the little Kahoks.

Gary Simpson paced the Braves with 26 points Thursday night. He scored 20 points in the first half. Gene Livingston, Bob Dorghazi and Jon Van Buskirk hit double figures with 12, 11 and 10 points each.

The game was the 10th win in 12 contests for the Skip Hastings coached squad. The Coolidge eighth grade edged a like Webster squad, 48-45 in a preliminary contest.

The Braves and Webster both hold 6-2 conference slates, with Coolidge having a 10-2 overall mark.

Madison HS Football Squad To Hear Talk by 'Big Red'

Defensive backs aren't supposed to be prolific point-makers, but the St. Louis Football Cardinals' Larry Wilson has managed to hit the scoreboard in almost every conceivable way in his five seasons with the Big Red. Wilson will be the featured speaker at 7 p.m. Thursday, when the Madison Lions Club honor varsity football players on the 1965 Trojan squad, along with Coach Glen Pickering.

Plans for the annual affair were completed during the club's weekly dinner meeting, held Thursday at the Sportsmen's Club, Tenth and Iowa streets, also the location for the football dinner.

The six-foot, 190-pound Wilson, whose starting game with the Cardinals in 1960 coincided with the first professional football contest he had ever seen, earned 16 athletic letters as a high school standout in Rigby, Idaho. He was the starting right halfback for the University of Utah for three years and also earned three track letters.

Wilson, 27, who resides with his wife and three youngsters in a St. Louis suburb, has shown his scoring talents since his second year with the Big Red when he was credited with a safety after blocking a New York Giant punt.

In 1962, he intercepted a Dallas pass and ran 57 yards to score and the following season rambled 42 yards with a recovered fumble and also scored on a 35-yard fake field goal. Last fall, he intercepted a Philadelphia Eagles' pass and returned it 42 yards for a touchdown and established a new Cardinal record by scoring on a 95 yard interception in the final game against Cleveland.

LARRY WILSON

Wilson, who has intercepted 14 passes in his five seasons, was the Cardinals seventh draft choice after his 1959 collegiate season.

At last week's meeting, Harold E. Briggs, Mitchell grade school principal, who holds the rank of major in the Marine Corps Reserve, presented two official Marine films, "Sand and Steel," showing construction of a portable air-strip, and "The Full Blade," made in South Vietnam, which showed Marines helping South Vietnamese civilians harvest their crops.

Planning continued for the club's annual "Sweetheart Dance," slated to be held Friday, Feb. 11. It was announced that tickets may be obtained in advance from Madison Policeman Edward Goclan.

Walter Gavlick, Lions president, was in charge of the meeting, attended by 23 members.

6 GC Steel Workers Overcome, One Falls

Six Granite City Steel Co. maintenance workers were overcome by escaping gas about 10 a.m. Friday, while they were installing a large valve on a major gas line at the blast furnace plant along Edwardsville road.

Robert Lee, 36, of Collinsville, was admitted to St. Elizabeth Hospital with a fractured collarbone, after he became dizzy and fell about six feet. A second man, Larry Smothers, 27, of 4504 Vine blvd. was given medication and oxygen in the hospital emergency room. The other workers were treated in the company dispensary and returned to the job immediately, a spokesman for the steel firm said today.

Lester Budke, 61, Dies in St. Louis

Lester J. Budke, 61, of 218 Sarah street, St. Louis, the brother of a local resident, died of cancer at 6:30 a.m. today, at Chronic Hospital, St. Louis. He had been ill for almost four years and in hospital five months.

A life-long resident of St. Louis, Mr. Budke was employed as a taxi cab driver by Laclede Cab Co. He was a member of the Teamsters Union and the Giddings Boyle Presbyterian Church, St. Louis.

He is survived by his wife, Mrs. Ada Budke; a brother, Russell Budke, 2929 Cayuga street; and a sister, Mrs. Bertha A. Courtney, St. Louis.

Funeral arrangements are given in today's obituary column.

Moose Women Mid-Winter Conference Here Yesterday

The Women of the Moose held a mid-winter conference here Sunday with five lodges participating, including Alton, Wood River, Edwardsville, Jerseyville and the local lodge. The theme of the meeting was Moosehaven Health Center.

Mrs. Gladys Markovich, senior regent, was conference leader and the address of welcome was given by Mrs. Marian Lipscomb.

Two College of Regents members were invested with red stoles. They were Mrs. Margaret Wallace of Alton and Mrs. Mildred Herman of Wood River.

All lodges contributed to the Moosehaven Health Center Fund. The Health Center is to be built at the Home for the Aged at Moosehaven in Florida.

A buffet lunch was served after the meeting from lace-covered tables decorated with centerpieces of colorful pom pons.

Next year's conference will be in Jerseyville.

Director Being Sought for Medicare Survey

Interviews are being conducted this morning to secure a director for a two-county Medicare survey project, to be undertaken by the Madison and St. Clair Counties Economic Opportunity Commissions. Leading candidate for the position is William P. Hale of Collinsville, a retired school teacher, whose qualifications appear to meet the necessary requirements, Hugh R. Hairston, Madison EOC vice-president, said today.

Approval of the $29,210 project grant application for federal funds is expected this week, Hairston said. However, he added, the total amount for the two-county survey program may be reduced according to the Office of Economic Opportunity in Chicago.

At a meeting of the joint committee Friday evening, it was announced that 27 survey takers would be hired in Madison county, while 30 workers will be enlisted from St. Clair county. Previously, the number to be hired was 40-60 respectively. Applications still are being accepted for an office clerk, over 55 years of age, and for survey-takers 65 and over, Hairston said.

MORE ABOUT

Levee Board

cut extensively below that of the 1964 year.

Taxes turned over to the district by the four townships of Madison county lying in the district totaled $798,027.

In 1964, the district's tax income from Madison county was $1,047,861. The 1965 tax receipts from the four Madison county townships lying within the district included $595,543 from Granite City township, compared to the 1964 payment of $611,883; $118,837 from Venice township, less than half of the $246,635 from that source in 1964; $76,548 from Nameoki township, compared to $84,233, and $7099 from Chouteau township, compared to $7043.

The district report for the 1965 year does not include a breakdown of expenditures by various departments of the general fund. Auditors explained this was due to a new voucher system which combines payments for several different departments on a single voucher instead of individual claims for each department.

The treasurer's report for 1965, also released today, separates the district's funds for the Lansdowne sewer treatment plant and Venice and Madison connecting lines as a separate account. It shows receipts of $1,509,800, which was received from sale of bonds, and disbursements of $712,468 during the 1965 year, leaving a balance of $797,331. Levee board officials said recently that additional bonds will be sold in this account to supplement existing balances.

Larger Expenses

Among the larger expenditures from this fund last year was payment of $273,579 to Midwest Black Top Roads, Inc., and $125,255 to New York Central Railroad for purchase of the site of the Lansdowne sewage treatment plant. John R. Sprague, levee district attorney, was paid $16,000 in attorney fees out of this fund, with another $16,000 in attorney fees paid to Goldenhersh & Goldenhersh, East St. Louis attorney firm.

A number of Quad-City firms received payment from the levee district in 1965 for services, materials and supplies. Salary payments also were made to Quad-City residents listed on the payroll.

Payments included Brewer Motor Co., for inspections, $17; Granite City Press-Record, $2070 for legal publications; Dr. W. W. Bowers, for treating injured employees, $55; Fijan-Maeras, $388 in insurance premiums; Granite City Clean Towel Service, $55 for services; Gantcheff Drug Store, prescriptions for injured employees, $18; Industrial Towel Service, $39; Lybarger Material Co., $120; Kahle & Sons Hardware, for parts, $57; Louis Agency, insurance, $20; Means Service Station, gasoline, $34.

Schuler Drug Store, first aid supplies, $13; St. Louis Slag Products Co., materials, $67; Mike Vesci's Standard Service, gasoline and oil, $252, and B. E. Hohlt, Inc., rent, $3900.

Individuals on Payroll

Among area politicians and individuals on the payroll in 1965 were Harry A. Briggs, supervisor of Nameoki township who received $1050 in salary as a legislative representative; Mayor Stephen Maeras of Madison who is listed as an insurance consultant for which he received $1593, and Oscar King, alderman of Venice who was paid $959 as a laborer.

Thomas Staicoff, mayor of Pontoon Beach, received salary of $1751 as treasurer of the levee district, and another $380 in expenses. William "Mike" Ebersoldt, city clerk of Venice and a trustee of the levee district board, received $752 in per diem payments, plus a payment of $148 in expenses.

Joseph A. Grant, Granite City, trustee of the district board, received $865 in per diem fees. Other salary payments included Benjamin L. Bosworth, laborer, $277; Ivor Cowley, laborer, $43; William E. Edmiston, garage foreman, $3090; Harry E. Hartman, attorney, $2851; Joseph Majeski, policeman, $1297; Thom Majeski, policeman, $1297; Thomas McGee, laborer, $167; George J. Mangiarcino, laborer, $602.

Charles Rittberger, policeman, $1651; William Rittberger, policeman, $811; Harry E. Serfas, oiler, $99, and Robert M. Trower, inspector, $463. Trower is a former Venice police chief.

The business meeting will be followed by refreshments, and the members will play games. All wives of the OCAW are invited to attend.

Stach-Jones Nuptials Read In Impressive Ceremony

White pom pons, gladiolus and greenery decorated Niedringhaus Memorial Methodist Church for the wedding Saturday afternoon of Miss Bettie Marie Jones, a daughter of Mr. and Mrs. Steve Jones, 3244 Carlson avenue, and Robert W. Stach, whose parents are Mr. and Mrs. Edward Stach, 2585 Lynch avenue.

The bridegroom's brother, the Rev. Edward Stach, pastor of First Methodist Church in Albany, Ill., performed the ceremony. Mrs. Russell K. West presided at the organ and Miss Marilyn Harshe of St. Louis, a cousin of the bride, was soloist. The songs were "Because" and the Lord's Prayer.

Mr. Jones gave his daughter in marriage. She wore a sheath gown of bridal satin with a midriff and a scoop neckline appliqued with Alencon lace re-embroidered with sequins and pearls. A full, detachable train was adorned with jewels and lace. A pearlized crown of dainty leaf and flower design held in place a bouffant veil of imported silk illusion and the bride carried a cascade arrangement of stephanotis and white ivy centered with a corsage of white orchids.

The attendants were dressed alike in floor-length gowns of topaz satin featuring scoop necklines, Dior sleeves, controlled skirts with back bows and streamers which fell from the neckline. Completing the costumes were matching forward flower headpieces with short veils. Their bouquets were cascades of gold and bronze pom pons and camellia foliage. Miss Lana McDaniels was maid of honor and Misses Bobbie June Hiduk, Jeanne Hawthorne and Karen Darner served as bridesmaids.

Howard Mason was best man for Mr. Stach; and Robert Short, Dennis Banker, a cousin of the bridegroom, Theodore Kampenga jr., a brother-in-law, and Warren Jones and Dean Jones, brothers of the bride, made up the corps of groomsmen and ushers.

For her daughter's wedding Mrs. Jones selected a navy blue knit suit and navy accessories. Her flowers were pink cymbidium orchids. The bridegroom's mother was in a lighter shade of blue with a corsage of yellow cymbidium orchids.

A reception was held after the ceremony in Wesley Hall of the church.

The newlyweds will live at 513 N. Second street, Normal, Ill., where the bride is a junior at Illinois State University. She is also employed as an attendant at Illinois Soldiers and Sailors Children's School. Mr. Stach is a junior at Illinois Wesleyan University, Bloomington. His fraternity is Acacia. He is employed as a clerk at a Bloomington jewelry store.

A rehearsal dinner was held Friday evening at the Rose Bowl.

Shower Honors Recent Bride

Mrs. Janice Haven, a recent bride, was honored at a shower Sunday afternoon in the home of Miss Connie O'Guin, 2609 Grand avenue.

Blue and pink were the colors used in the appointments and the refreshment table held a stork centerpiece.

Guests attending were Mesdames Janice Martin, Kathy Jeleff, Bettie Jones, Jo An Hill, E. B. Haven, Irene Kadanec, Brenda O'Guin, and Misses Vickie Ritchie and Cheryl Pinkell. Prizes were awarded in games.

The guest of honor is the former Janice Crabtree.

Among the out of town relatives here for the wedding were Mrs. Lillian Fox and Mr. and Mrs. Louis Stach, grandparents of the bride from the Chicago area, Mr. and Mrs. Donald Pope of Battle Creek, Mich., Mr. and Mrs. John Jones, Franklin, Ohio; Mr. and Mrs. Thomas Griffith, Richmond, Ind., Mr. and Mrs. George Fox, Mr. and Mrs. Chester Banker, Mr. and Mrs. Herbert Schulz, Mr. and Mrs. Thomas Budds, Mr. and Mrs. Randall Nelson, Mr. and Mrs. Thomas Romanek, Mr. and Mrs. Michel Lisarek, Mr. and Mrs. Joseph Vojarsky, Mr. and Mrs. James Sheldon, Mr. and Mrs. James Veranda, Mr. and Mrs. Steve Leshyn and Mr. and Mrs. Joseph Lubens, all of near Chicago.

MR. AND MRS. ROBERT W. STACH, who were married Saturday afternoon at Niedringhaus Memorial Methodist Church. The bride is the former Bettie Marie Jones, a daughter of Mr. and Mrs. Steve Jones, 3244 Carlson avenue.

Youth Sunday Is Observed

Youth Sunday was observed at First United Presbyterian Church with the young people of the church taking full charge of both services under the leadership of the Pastor, Rev. Dr. David B. Maxton, Mrs. Virginia Moore, music director, and Mr. and Mrs. Sidney Vaughn, and Mr. and Mrs. Warren Decatur, sponsors of the Junior High UPY.

In addition to the Chapel and Chancel Choirs those participating in the services were Jane Kerch, James Evans, Arthur Hanson, Dennis Edwards, Pamela West, Warren Evans, Helen Hall, Sandra Stallings, Rodger Matthews, Darlene Bowman, Wendy Decatur, Christ Hayes, Reggie Teague, James Ebrecht, Nancy Schmedake and Emery Ackerman. Sixteen served as junior deacons by ushering, collecting the offerings and visitors cards.

Color Slides on K. C. Activities Available

A set of color slides on the activities and purposes of the Knights of Columbus are available to Catholic organizations, it was announced at a meeting of Tri-City K. of C. Council 1098 Thursday.

The slides were obtained from national K. of C. headquarters in New Haven, Conn. Those interested may contact Edward Lenzi, financial secretary, or John Kazman, grand knight.

Plans were made to attend and participate in the annual barbeque dinner-meeting this spring at Springfield. The date is to be announced later. Railroad cars will be chartered.

A membership campaign was discussed on the theme of "Downstate vs. Chicago." The council donated $10 to the national Sacred Heart radio program.

Donald Stanton and Dr. J. R. Vasiloff were named to the sick committee for February. Edward Boyer, a member of the January sick committee, reported on visits to ailing members in hospitals.

A talk on activities of the organization was presented by Rev. Lawrence Mattingly, council chaplain, who was host pastor of a corporate communion and breakfast for the council yesterday at St. Elizabeth's Church.

State Issues Warning On Fake Tree 'Doctors'

Paul E. Passint, chief investigator for the Illinois Department of Registration and Education, is warning area property owners to beware of an unusual racket—fake tree surgeons.

Any person who, for profit, diagnoses the condition of shade or ornamental trees or recommends or supervises the trimming or treatment of such trees must be licensed as a tree expert by the Department of Registration and Education."

"Each spring, when the weather begins to break," said Passint, "transients from everywhere descend upon Illinois homeowners with a 'sure-cure' for everything, including Dutch elm disease, and a ridiculously low rate for the trimming of our beautiful trees. Unfortunately, the poor property owner usually gets the trimming."

Passint wishes to remind homeowners that qualified arborists, or tree surgeons, are licensed by the State of Illinois, and when a homeowner is in need of such service, he should demand to see their registration card before employing their services.

Jr. College Steering Group Meets Tonight

An organizational meeting of a steering committee for the proposed Madison-Jersey-Macoupin counties junior college study is to be held at 7:30 this evening in the courthouse at Edwardsville.

Temporary Chairman Wilbur Trimpe said the committee will meet in the board of supervisors' room. The committee is made up of members designated by each school district.

Temporary Chairman Wilbur Trimpe said the group will organize to name subcommittees that will start the survey work.

Bellcoff Grocery Store Goes Out of Business

Bellcoff & Sons Grocery store, 1019 Grand avenue, Madison, went out of business today after operating for the last 52 years at the location.

John Bellcoff, who has been operating the store, has accepted a position with the B. E. Hohlt, Inc., Auto agency in Granite City. He will begin his duties there in about a week.

Bellcoff said the decision to close was made primarily due to illness in the family. The store was instituted more than a half century ago by his father, N. S. Bellcoff.

A native of Madison, Bellcoff is president of the board of education there, is assistant chief of the Madison volunteer fire department and is a member of the board of the Tri-City Port Authority.

G. H. Muelder Honored By State Bar Groups

George H. Muelder, former Granite City attorney and realtor now living in Worden, has been awarded a life membership in both the Illinois and Missouri Bar Associations. The Illinois award was made for 25 years membership and because he reached his 75th birthday, in Missouri the award was based on reaching the 75th year.

Mr. Muelder passed the Illinois bar when he was 54, having been admitted to the Missouri bar three years earlier. He was a native of Bremen, Germany, came to this country in 1901 and engaged in the insurance and real estate business for many years before turning to law. He was attorney for Nameoki township and also for the former city of Nameoki.

New Base Established For Feed Grains

A new farm feed grain base may be established under the 1966 feed grain program for farms which did not plant the feed grains in 1959 and or 1960, providing the farms meet eligibility requirements, the Madison County ASCS office announced today.

To be eligible for the base, the operator must expect to receive 50% or more of his livelihood in the current year from agricultural production on a farm; two years experience in feed grain production in the last five years; and adequate equipment for the production of feed grains. Interested persons can contact the ASCS office before March 1, to be eligible.

Taxpayers Reminded They Must Attach W-2 Reports

Quad-City taxpayers now figuring their 1965 income tax returns were reminded today that they must attach Copy B of all W-2 forms, stating wages paid and taxes withheld, to their tax returns. The reminder came from Jay G. Philpott, director of internal revenue for central and southern Illinois who also pointed out that IRS agents are available on the third floor of the city hall in Granite City once each week to assist in preparation of tax forms.

Area residents may obtain assistance from agents at the city hall on Mondays from 9 a.m. until 4 p.m. Space has been provided the IRS agents in the city engineering offices. They will be available each Monday through April 15, the tax filing deadline.

Philpott pointed out today that if a taxpayer had several jobs during the year, a W-2 form should be included for each. If the card form 1040A is filed, staples or pins should not be used in attaching W-2 forms. He said card form returns are machine processed and holes punched in the cards interfere with the processing of these returns.

Refunds cannot be processed, nor can credit be given for taxes withheld, unless the required W-2 forms are filed with the return.

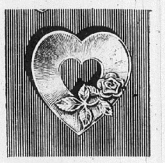

Philpott also pointed out that simple errors are most frequently causes for delayed tax refunds and future trouble for taxpayers. These can be eliminated, he said, if the taxpayer will follow these steps: 1. check arithmetic; 2. attach all W-2 forms; 3. sign the return (both husband and wife should sign a joint return); 4. print or type name and address and write figures plainly; 5. use correct tax table. 6. total deductions if itemized on page 2 of form; 7. list social security number plainly (both husband's and wife's number should be reported on joint return.

Taxpayers are being advised that they can save the government and themselves much time and money if they will carefully check their 1965 return before mailing it.

IN FURNISHING, START WITH A FLOOR PLAN

AARON FREDMAN

If you want to "decorate" instead of just "furnish," start with a floor plan. If you do not have an architect's original floor plan, take a yard stick or tape and measure all your walls, the width of your doors and windows, and the height of windows from the floors.

Make a sketch showing all of the necessary dimensions and then sketch in the furniture pieces you plan to use.

If you would like someone to help you, we shall be glad to take these measurements and make this lay-out for you.

In this way, you are eliminating the guess work and you may then select pieces that will not only fit into your home but will fit perfectly. This is the only sensible and correct way to do a real decorating job in your home. You must know just what will fit into your room and your wall space before buying.

Call GL 2-5160 or stop in. We'll be glad to help you with no obligation. It's part of our free decorator service. And it's the smart way to decorate.

So, remember, when shopping, our decorating and sales staff here at Fredman Bros. Furn. Co., Niedringhaus and Delmar Ave., in Granite City, is always ready to serve you. We are open Monday, Thursday and Friday night until 8:30 p.m., other nights until 5:30 p.m.

Mrs. Budisavljevic, 86, Dies at Hospital

Mrs. Martha Budisavljevic, 86, of 1521 Second street, Madison, died at 3 a.m. Sunday at St. Elizabeth Hospital where she had been a patient for 18 days. She had been in failing health about three years.

Mrs. Budisavljevic was born in Yugoslavia and lived in Madison 50 years. She was a member of Velebit Lodge 222 CFU, Lodge 251 SNPJ and the Greater Beneficial Union of Pittsburgh.

Her husband, Stephen, died in October 1949. Survivors include nieces, nephews and godchildren.

Funeral arrangements are given in today's obituary column.

Two Charges Filed

Charges of careless driving and operating a motor vehicle without a driver's license were placed against Johnson Smith, 37, of 613 Meredocia street, who was involved in a collision Sunday morning at Meredocia and College streets with an auto driven by Victor Stankus, East St. Louis. Venice police said no one was hurt.

208-Day

the union remarked following Friday night's union meeting: "We did not get all we expected. In a long strike like this, you never get what you desire, and in a long period of time your expectations change. But I think we did pretty well.

"Now we can go back to work and try to let some wounds heal."

B. J. Hunter, vice-president of the starch company and a member of the negotiating staff, told a reporter that "naturally we are glad the strike is over and we will welcome all the workers back to the job. We are glad to see them return. All of us are pleased to see the large majority by which the contract offer was approved.

First Break Through

First "break-through" in the seventh-month-long strike came Wednesday night following two-days of negotiation meetings which were resumed last Tuesday morning for the first time since Dec. 15.

Negotiators met 11 hours on Wednesday, convening at 10 a.m. in the U. S. Mediation Service offices in St. Louis and continuing in session until shortly after 8 p.m.

The meeting ended with announcement that a tentative agreement had been reached, subject to revision of the company's last offer made in the Dec. 15 meeting. Revisions involved principally references to job realignment, major issue throughout the 208-day strike.

Company officials worked overnight Wednesday revising their offer to comply with agreements reached in the Wednesday session. Negotiators from both sides got together again at 1 p.m. Thursday.

Nine hours later, company and union officials announced that an agreement for settlement of the strike had been reached on a tentative basis pending ratification of the proposed new contract. Members of both negotiating teams signed a "tentative agreement" for acceptance of the contract subject to ratification.

Agreement Signing

On the union side, the contract was signed by Thomas Austin, president of the union; William McKee, chairman of the grievance committee; Walter Smith, Billy Moore, Billy Dixon, John Hamm and Floyd L. Miller, committeemen, and H. J. McLain, International representative of district seven from Chicago. Cecil Martin of Belleville, International representative who sat in on the negotiations from the beginning of the strike, was not present in the final meetings.

Signing the tentative agreement for the company were Glen F. Keithley, vice-president of personnel; B. J. Hunter, vice-president of manufacturing; Richard E. Wolf, personnel director; Oscar H. Brennecke, director of engineering.

Company officials announced immediately following ratification of the contract that arrangements were being made to resume "normal operations" by Tuesday morning. This would bring back the total striking work force of approximately 420 workers, assuming that all of the strikers return to their jobs.

Union officials said recently that about 100 strikers had obtained jobs elsewhere, most of them on a fulltime basis, and that "there will undoubtedly be a certain number of men who will not return to their jobs at the starch plant." Just what this number will be remains to be determined.

As negotiators came close to a settlement in the Wednesday and Thursday meetings, only one new disagreement arose to hamper what otherwise had appeared to be clear sailing.

Insurance Premiums

In the last hours of the negotiations, the union requested the company pick up the cost of all insurance premiums for the duration of the strike. The company was adament in its refusal to do so.

This detail was ironed out, however, with an agreement that "employees will have group insurance coverage beginning with the time when they report for work in response to recall and will not be required as a condition of insurance coverage to take a physical examination. The matter of insurance premiums for the duration of the strike, according to reliable sources, amounted to about $77,000.

Union and company members also agreed in the final hours of the settlement conferences that employees would be recalled to work in line with seniority, but that seniority and work scheduling provisions "will be waived for a period of time commencing with the first day of operation and which would end with the third Monday of operation."

The agreement called for notification of employees by registered mail for their return to work, with provision that those who do not return to work as scheduled "must notify the company (personnel department) with a valid reason for failure to report for work."

Seven Days to Return

Employees who fail to report for work within seven days after notification "will be deemed to have terminated their employment unless satisfactory reasons for not being able to return within said seven days has been agreed to."

The company also has agreed to notify the union president of employees who have moved and who do not receive official notification of the return to work. The union then is to receive an additional three days, in these cases to locate such employees. Before any termination of employment become final, the union and company are to review the reasons for failure to report for work.

Return Without Prejudice

A major phase of the agreement was the specific statement:

"All striking employees will be returned to work without prejudice."

Because of repeated instances of violence that occured during the strike, involving attacks upon the homes of supervisory employees, the company at one time took a stand that it would sign a new contract only if certain individuals, held responsible for certain acts of violence, were discharged. The company also had said it would place several others on probation.

The union, while the company held to such attitude, refused to consider any proposals for a settlement. The statement in the contract obviously removed this obstacle in reaching an agreement.

Grievance Procedure Stands

The union, on the other hand, also lost its bid for revision of grievance procedure.

One term of the new offer provides, flatly:

"Arbitration provisions to remain unchanged."

The union had sought voluntary arbitration, a procedure which would permit the union to strike in disagreement over any issue without liability under National Labor Relations Board regulations.

Under the existing grievance procedure, which remains unchanged, stalemated issues can be placed in arbitration by the NLRB upon the company's initiation.

12-Cent Hourly Boost

The new agreement provides an across the board wage increase of 12 cents per hour, applying to 13 different group ratings. The wage increase raises the minimum group rating No. 1 from the previous $2.41 per hour to $2.53 hour, upward to the maximum No. 13 rating which originally was $2.99 per hour and is now raised to $3.11 per hour. Each upward rating adds an additional four cents to the hourly wage.

The new contract provides for an apprentice training program under which the company will provide training of craftsmen under the realignment program on a voluntary basis. Incentive pay is provided.

Major issue involved in negotiations was the classification of welders. The union contended the reclassification would eliminate welders since the company desired to train other craftsmen to do their own welding on jobs on which they were working.

In the incentive arrangement for those volunteering for such training, three new group ratings were created. With a new group 13 to receive the same wage rate as group 12; a new group 14 to be 5 cents per hour higher than group 13, and a new group 15 to be 10 cents an hour higher than group 14.

A company spokesman pointed out that welders will not be eliminated as a craft except by reassignment as machinists who weld and braze, with such reassignment to be on the basis of seniority and desire.

Details of job reclassification are spelled out in the agreement as it pertains to each craft. These include: bricklayers, carpenters, electricians, instrument repairmen, machinists, regular and extra rate, painters and sandblasters, pipefitters, riggers, tinsmiths and welders.

Directive to Salaried People

Throughout the strike, operations at the plant continued with supervisory and salaried personnel. Immediately after settlement of the strike, Hunter and Keithley issued a joint statement directed to salaried personnel which said, in part:

"We need to utilize our efforts as efficiently as possible in the next few days, to put our house completely in order and to obtain a basic understanding of the contract revisions negotiated.

"We have a target date to return the plant back to normal operations by Tuesday, Feb. 1.

"You have all done an excellent job the last six months. We need your continued extra effort to complete the operation successfully."

Keithley, it was learned, followed this statement with a directive to all salaried personnel at the plant, which read:

"The time for which we have all worked so well and so diligently is thankfully now upon us. With ratification of the proposed contract agreement, our hourly employees will return to work among us. When these men walked out, we requested a conciliatory attitude towards them on your part. Now that they are returning, you are called upon to sustain this attitude with even more circumspection and presence of mind.

"When the strike is over, we have to get on with the job that must be done. All of the side effects of the strike must be forgotten. The hourly families speak of us as "company" people. In an ideal situation, management, supervision and union are all "company" people; working loyally together for the good of the company and in that way for themselves. We can and must work toward the achievement of this ideal by our efforts now.

"Welcome the hourly men back, if with restraint, still with honor, interest and consideration, and each as an individual person. Do not refer to the vandalism that accompanied the strike, never refer to overtime remuneration earned nor how well a man's job was handled during his absence. Do try to draw from each, the best possible performance of the job to which he is returning. Genuine interest is a quality which breeds rapport. We add to this list of dont's, criticism of local authorities.

"We have a massive job before us—picking up loose ends after seven arduous months and becoming again an integrated whole; a more productive and streamlined manufacturing, selling and research complex than before. We have proved what we can do when we have to. Let's continue to give our best because we want to.

"In the days to come, department heads will be detailing plans to coordinate changes reflected by the new contract. You have given every indication we can bank on your wholehearted support and cooperation. By dint of the effort that has just passed, we owe it to ourselves to make this one terrific company.

"We congratulate you heartily on your achievements in meeting this recent challenge and add our gratitude to and concern for your families who bore with us throughout this effort. We take great pride in your contributions to this company and take courage in your influence as heads of the families who stayed behind and waited.

"It is felt, we here would like to go on record, expressing to the president of this company and to the chairman of the board, appreciation for unstinted support and cooperation in working towards this effort pursued with pride and honor, for just purpose.

"My personal thanks to our negotiating committee, for a job well done."

Financial Loss

The financial loss in the seven-month strike of union employees of the Union Starch and Refining Co. has been estimated at more than $2,000,000 and includes approximately $1,700,000 in wages lost to striking union members.

The strike, which began on July 4 and officially ended Friday night, lasted 208 days, or 29½ weeks. The contract approved by the union Friday night provides a 12-cent per hour increase across the board.

As a result, employees will work many years to recover, at 12 cents per hour, the wages lost to them during the strike.

For example, an employee who was paid, before the strike, under the No. 8 group rating wage schedule, received $2.71 per hour or $108.40 per week on the basis of a 40-hour work week. This is considered a conservative average salary for those who were on strike.

At $108.40 per week, the wage loss per man for the 29½ weeks of the strike would have amounted to $3197.80 per man on an average. A wage increase of 12 cents per hour for a 40 hour week would amount to $4.80 per week.

These figures, although theoretical, show that it will take at least 12 years for each individual worker to make up his loss before he begins to benefit from the wage increase. Since there were 420 men on strike, this would represent an aggregate of 5040 work years to make up the wage loss suffered in the strike by all striking union members.

Madison County Demos Honor Sen. Douglas

A correct prediction that the bombing of North Vietnam would be resumed was made by U.S. Senator Paul H. Douglas, Democrat of Illinois, while in Belleville Thursday night to attend a dinner meeting in his honor.

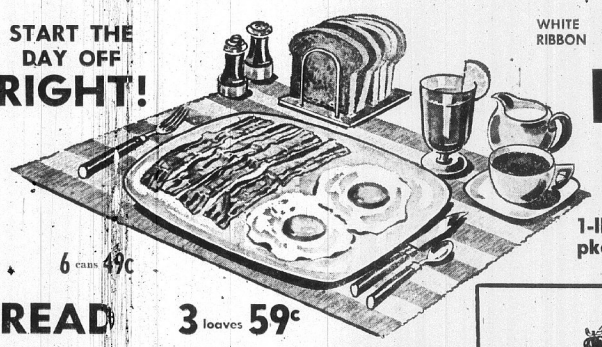

U. S. Secretary of Labor W. Willard Wirtz was principal speaker at the meeting—a $50 per plate testimonial dinner — held in Augustine's restaurant at Belleville. Douglas has been a legislator for 27 years and will seek a fourth term in this year's elections.

More than 1700 persons attended the affair—more than 200 of them from Madison county. Principal testimonials were delivered by Wirtz, Gov. Kerner and Congressman Melvin Price (D), East St. Louis. Wirtz told the audience that the country has had an unparalleled prosperity during the past five years, twice as long as any previous period. Unemployment, he said, is down to 4.1% and still going down.

Carrier May Lose Job Over Politics Charge

Notice that he may be dismissed from his 23-year-old letter carrier's job, or given other disciplinary action, was sent Friday to Eugene C. Noud, 39, of Madison, charging him with giving "false and erroneous" information to three area newspapers.

Noud, president of the Madison chapter of the letter carriers, alleged several weeks ago that the appointment of Richard Lux as assistant city postmaster was "political" rather than in accordance with civil service procedure. The charge was contained in a grievance filed with the post office department by Noud challenging Lux's appointment over the application of three long-term postal veterans at the Madison station. Lux is the son of Madison City Clerk Percy Lux.

The notice to Noud was signed by acting postmaster W. F. Clinton, who informed the carrier that published accounts of Noud's complaints caused embarrassment to the acting postmaster and reflected infavorably on the post office department. The postmaster also informed Noud that he was prevented from performing an act which adversely effects the confidence of the public in the integrity of the government. Noud could not be reached for comment today.

Clinton said he informed Noud that he has ten days in which to answer the charges in writing or to meet in person with the postmaster.

MORE ABOUT
Remodel Plant

Dorothy Darner, business manager. Carl Horvath is superintendent.

Officials Here This Week

Herman Powers and other officials of Smith-Douglas are coming here this week from the national headquarters in Norfolk, Va., to plan the new operation.

Those who will be in charge of production have not yet been announced; also to be determined is the future name of the plant.

Since Jan. 1, 1965, Smith-Douglass has been a part of the Borden Company's Chemical Division, whose 24 other plants include one in northern Illinois that produces fertilizer.

The Hayden Wrecking & Lumber Co., East St. Louis, has been in the process of dismantling the kiln and other plant facilities since Dec. 20. All that will remain are the garage, to house trucks, and the digester building, to serve as the main building after remodeling.

Electrical work associated with the remodeling is in progress, and other phases of construction will await withdrawal of the demolition crew.

The plant formerly employed 24 workers. Orders dropped in the past two years due to frosts and drouths. The supply of the raw material, leather, also has been short in recent years.

4 Girls Among 12 Persons Hurt in 18 Auto Accidents

Twelve person, including four teenage girls in one car, were injured in seven of 18 auto accidents in Quad-Cities area streets and highways during the weekend.

Four of five girls in a car driven by Sandra J. Harper, 16, of 1600 Lindell blvd., were injured when it struck a tree in the yard of Frank Hatcher, 1809 Pontoon road, at 9:40 p.m. Friday.

Hurt were the Harper girl, Rebecca Tidwell, 14, of 2549 Circle drive; Paulette Brooks, 16, of 4521 Walter avenue; and JoAnn Bryan, 16, of 3604 Ruth drive. The Tidwell and Bryan girls were taken to St. Elizabeth Hospital. The second had no complaints. The Brooks girl, who was thrown from the car, had abrasions on the upper lip and a hematoma to the forehead. Both were released. Miss Harper was admitted to the hospital with cerebral concussion and abrasions to her chest, face and scalp.

The other girl in the car was Jackie Beyrau, 17, of 3101 Jill avenue. The Harper girl said another car ran her off the roadway. She was charged with driving while intoxicated and illegal transportation of liquor and was summoned for a hearing by Feb. 11.

At the request of Granite City police, the Madison police department questioned a part-time employee of a Madison liquor store in connection with sale of beer to the girls. He is to be questioned further, police said, he stated that he did not recall the sale.

Woman Pedestrian Hurt

Listed in fair condition at St. Elizabeth Hospital is Mrs. Frances Graczyk, 60, of 800 Iowa street, Madison, who was struck by a car while crossing Madison avenue at Eighth street about 5:40 p.m., Thursday. She was admitted at the hospital with injuries to her left shoulder, right thigh and neck pains.

Driver of the vehicle, Pete R. Fecurka, 28, of 921 Grand avenue, Madison, told police he was traveling south on Madison avenue in the outside lane, when Mrs. Graczyk stepped in front of his vehicle from an inner lane. He said he was driving about 25-miles per hour, but was unable to stop in time to prevent striking the woman.

Three persons suffered minor injuries when an auto driven by William Govero, 24, of Arcadia, Mo., who was halted at a stop on Highway 111 at Route 162, was struck in the rear by an auto driven by Earl Kennedy, 48, of Centralia at 9:30 a.m. Friday.

The three, including Mrs. Yvonne Govero, 25, were taken to St. Elizabeth Hospital. Govero was treated for a headache, back pains and abrasions to his forehead. Mrs. Govero suffered abrasions to her head. Both were released. Kennedy had a small cut to his upper lip and was transferred to a Centralia hospital.

Passenger Injured

Diane Teetor of 1531 Lindell blvd. complained of neck pains after a car in which she was riding, driven by Nancy M. Brewer, 2329 Edison avenue, was struck in the rear by another driven by William Smith, 5012 Lakeview drive, at 12:45 a.m. Saturday at Madison and Niedringhaus avenue. The Brewer auto was stopped for a traffic signal light.

Joyce McKinney, 26, of 820 Iowa street, Madison, suffered minor injuries Sunday afternoon in a two-car collision at 20th and State streets. She was charged with failure to yield right-of-way.

Police said she was going west and making a left turn, while the other auto was being operated east by Donald Meadors of Rockford, Ill.

Mrs. Inola Smith, 65, of 312 Dixon street, Venice, suffered minor injuries when an auto driven by James Smith, of the same address, struck the rear of a car driven by Ann Herman, 1120 Iowa street, Madison, at 1805 Madison avenue about 10 a.m. Friday. The Herman car was stalled in the traffic lane.

Lloyd Kilgore, 52, of East St. Louis suffered neck and shoulder injuries Friday afternoon in a two-car collision on McKinley bridge. Kilgore told police he applied his brakes when he saw an eastbound car stop, but that he lost control when his auto wheels wedged in railroad tracks. His auto struck the stopped car of Franklin Grizzard, 2617 West 26th street.

Marshall elementaries — were discovered Thursday morning.

Police said two tape recording machines and a portable television set were recovered, and a search is underway for other missing items, including an adding machine and at least one purse.

Bloodworth implicated two other girls, both juveniles and they are being questioned today. All three schools were entered by smashing windows, and the buildings were ransacked.

Caught Inside Tavern

A tavern employee who had forgotten her medicine and returned to the 20th & Park tavern with proprietor Leroy Laws about 3 a.m. Sunday found the front door glass smashed, and inside they discovered a man using the telephone in the rear room.

Laws herded the 24-year-old man to the bar, while the employee, Helen Warmack, 2143 Edison avenue, telephoned police. The intruder told police he did not recall smashing the door glass, but he did throw to the floor $32. Laws said cash was missing on the backbar register. No damages have been filed.

Loot Is Recovered

Two boys, 12 and 14 years of age are to report to police authorities in Venice today after admitting they smashed a front window and looted Curtis Jenkins Drug store on Weaver street. The loot was recovered from the bathroom and attic at their home.

The loot, valued at several hundred dollars, included 13 watches, 17 assorted rings, four necklaces, seven tie clasps, four pair of cuff links, seven cigaret lighters, a transistor radio, a .22 caliber pistol and a billfold.

A garage used by the Bi-State Transit Co. at 19th and Adams streets was broken into during the weekend. A soda machine was pried open with a jack handle and an unknown amount of money was taken from the coin box. The east side window was broken and a small door was was broken.

2 Laundromats Hit

Burglars visited two Granite City laundromats Saturday night and looted cigaret and soda machines. The amount of cash taken was not determined.

At the Nameoki Village shopping Center Monday Maid Laundry, the cigaret and soda machines were pried open to get the money boxes; but at the laundromat at 1601 Pontoon road there was no sign of pry marks on the coin changer, soda and cigaret machines that were looted.

Three power saws valued at $806 were stolen from a truck owned by the West Central Utility Service, Peoria Heights, Ill., while it was parked during the weekend at Rudy's service station, 3007 Edwardsville road, it was reported at 8:15 a.m. today. Two small vending machines were stolen from a wall in the station.

Jeanette Feldewert, Wentzeville, Mo., reported at 10 p.m. Sunday that her purse containing $10, a check book, papers and a small jewelry box with a cross and chain were stolen from her 1965 auto while it was parked in the 900 block of Niedringhaus avenue.

Three boxes of .22 caliber long rifle shells were stolen from the console of a 1963 auto owned by Charles R. Grimes, Rural Route One, while it was parked in the 2500 block of Washington avenue between 7 and 11 p.m. Sunday.

1964 Auto Stolen

A 1964 auto owned by Dr. J. C. Byers, 3214 Princeton drive, was stolen from the driveway of his home at about 7:10 p.m. Thursday. The auto also was stolen a week earlier from the Byers' garage and found a few hours later on a bowling alley parking lot.

It was located at 3 a.m. Sunday on a service station lot at 19th street and Cleveland blvd.

A tachometer valued at $40 was stolen from a 1958 auto owned by John Null, 2607 Kirkpatrick Homes, while it was parked on a lot there, he reported at 5:10 p.m. Thursday.

Two auto wheels and tires were found Sunday morning in yards along Devon Hill lane. Police are holding the wheels for identification by the owners.

Illinois Metro East Plans Annual Meeting

The recently organized Illinois-Metro-East, a non-profit group set up for the specific purpose of attracting new industry to Madison and St. Clair counties, will hold its annual dinner meeting at 6:30 p.m. Wednesday at the Sunset Hill Holiday Inn.

Among business to be considered at the meeting will be discussion of a nationwide advertising campaign to promote industrial development. The campaign is to emphasize the newly proposed 14-square-mile industrial park in the Tri-City Port district area north of Granite City. Chester Baker, operator of Tri-City Printing Co. and president of Illinois Metro-East, said an industrial brochure which will be sent throughout the nation is considered as a feature phase of the promotional campaign.

Miniaturized Tools Aid Biology

(American Institute of Biological Sciences)

A quiet revolution in the way scientific instruments are designed and used is paving the way for an exciting new era in biological research.

At the heart of the upheaval are two factors: size and automatic quality.

Accelerating progress in the use of miniaturized electronic circuits and components is reducing the physical bulk of complex measuring instruments from the size and weight of full orange crates to a kitchen matchbox and smaller. And the tedious sampling, calibrations and manual adjustments of earlier generation instruments are being related to simple push-button routines.

Biotelemetry Explained

One astonishing result of the trend to extreme smallness and automatic performance in scientific instruments is the field of biotelemetry—or the use of miniaturized radios to transmit information from a living organism and its environment to a remote observer.

Such instruments are already tiny enough to be implanted within rodents and small migratory birds to gain insight into their behavior and physiology as they wander free in a natural environment. They are being ingested and placed within experimental animals and man to provide new kinds of information useful in medical research, diagnosis and therapy.

Two inherent aspects of the new generation instruments, particularly the implantable biotelemeters, reveal why workers from all areas of the life sciences are excited.

Continuous Data

First is the concept of continuous information. Miniature, rugged and automatic instruments lend themselves to full-time use where scientific data can be generated around the clock and, often, at a location normally inaccessible to the observer or experimenter.

This wealth of new information on the complex phenomena of biology is already leading to the powerful use of statistical mathematics and machine computations in fields of research formerly dominated by the notebook and sketchpad. New insight into the theory of bird navigation and the spread of disease epidemics are examples.

Second is the concept of purer or "cleaner" information. Cumbersome instrumentation in the past has often been the cause of subtle artifacts or "noise" in biological experimentation. The potential reduction of many biological measuring instruments to microsize suggests a minimum disturbance and discomfort to the subject.

Problems As Well As Promise

While the opportunities for creative research in the life sciences through the new instrumentation appear almost unlimited, the major problem of preparing the biologists to use properly the new techniques has yet to be solved.

On the surface, the new tools appear simple to use; they are small, rugged, automatic.

In reality, however, the new devices depend in their operation on advanced and sophisticated contributions from engineering and the physical sciences—technology which may dismay the life scientist and has made many ask, "Must I become an expert in every field of the physical sciences in order to carry out my work?"

In 1963, the American Institute of Biological Sciences (AIBS), in cooperation with the Office of Naval Research and the National Aeronautics and Space Administration, decided that something should be done to help the biologist cope with the instrumentation problem.

After much study by scientific groups, it was determined that an organization known as the BioInstrumentation Advisory Council (BIAC) should be formed as a part of AIBS. In July 1965, such an activity was established within the framework of AIBS.

New Instrument Family

Recent years have seen the introduction of a whole new family of instruments which is causing major changes in the design and scope of experiments.

The success of pioneering groups has brought about standardization in the design of these research tools.

It is the aim of the American Institute of Biological Sciences that the establishment of BIAC will:

1. Help life scientists in applications of modern instrument methods.

2. Identify and encourage development of new instrumental techniques in life science.

3. Bring about interchange and collaboration, through instrumentation, between life scientists and physical scientists for improvement of experimental biology and biomedical applications.

SAYS 'RIGHT-TO-WORK LAWS DO NOT MAKE SENSE

To the Editor:

Try as I do to understand the editorials of those favoring "right-to-work" laws, I still can't logically see what anyone gains by them.

When I look at the list of 19 states with "right-to-work' laws, I read off the names of many of the poorest states in the nation. When I look at the list of 31 states without the same law, I see the most prosperous states—states which, incidently, require what I think we all want, the least Federal Aid per person.

When I look at industries with the highest rates of pay, I find the large ones, like the steel and auto industries, know I know that except in "right-to-work" states, plants producing steel and cars are union shop plants.

Logically thinking, the strong unions in these industries must be milking the companies. But when I look at profits I find that nearly all of the companies making steel and cars are making record profits, too. I'm no financial whiz, but I can't see who loses. The workers are winning, management is winning, the towns, the states and Uncle Sam are winning too, because they are getting a bigger tax cut from both the high wages and the high profits.

The big argument tossed out by those who favor maintaining "right-to-work" seems to be that a man should be free to belong to a union or not to belong to a union. Now that might make some sense.

Trouble is that those of us who are paying union dues don't like supporting free-loaders who have latched on us for a free ride. We have no freedom of choice in supporting them. The law says we have to.

The only way we get these better things is through negotiations, and the only way we keep them is through grievance and arbitrations. To do our best job, our local unions need the help of experts, since we can't possibly be expected to know the facts and the figures and the Federal Laws that have forced unions, like businesses, to get people who are specialists. These guys cost money. I wish we didn't need them.

Costs come from union dues. I pay them, and so do a large majority of my fellow workers, because we know the difference between wages and working conditions in a union plant and a non-union plant.

Now I don't think it is fair to anyone to let some cheap guy grab the frosting without contributing to the making of the cake.

No, sir, I just can't make sense out of all this stuff about what a great thing "right-to-work" laws are.

"Bank" Of Industrial Land Gives Area New Horizons--And Challenges

It has been frequently said by Quad-City civic leaders in the last decade that "our area is going to grow in spite of ourselves," and then they quickly added, "but if we help it along there will be great growth."

Last Thursday's announcement in the Press-Record of the acquisition of 9028 acres of land for industrial development is "help" beyond our fondest dreams. It is without precedent in the United States.

Little figuring is needed to realize that the five participants in the land acquisition must have invested $12 to $15 million or more in the joint program. What this can do to stabilize land values at attractive prices to new industry, to furnish jobs and job opportunities for present and future Quad-Cityans, to broaden the tax base for vital public services, as well as to provide many other benefits, staggers the imagination. One estimate puts the potential investment of new industrial capital in the 14 square mile area at $1 billion.

This community is fortunate, indeed, to be able to offer both large and small industrial tracts to prospects, along with unlimited water, power, and natural gas, all in the heartland of America with ready access to as fine a network of rail, highway and river transportation as can be found anywhere.

But there must now be new horizons in planning by municipalities and also by Madison county; growth problems must be anticipated and steps taken to cope with them as they arise. There must continue to be a favorable tax and labor climate; there must be careful thought given to all the services, accommodations, housing and recreation, schools, etc., so we will not be caught napping in these essentials.

It won't be easy, but it will be stimulating and challenging--and profitable--for everyone.

Lesson For All In Labor-Management As Bitter Strike Finally Ends

The longest, most violent strike in our memory as a 54-year resident of Granite City has come to an end. Members of the Oil, Chemical and Atomic Workers Union, Local 7-663, were returning to work today at Union Starch & Refining Co.

Recalling the numerous incidents of damage to company and plant personnel property, the physical assaults, the fear of innocent families whose homes were fired upon, and the millions of dollars lost to employees and to the company since that fateful day July 4, 1965, can do little good now--except to make certain it will never happen again.

Out of all these hardships on both sides, surely there is a lesson to be learned; we devoutly hope there has been.

No Common Interest For Depressed Area Claim

We are sympathetic to the economic problems facing East St. Louis and St. Clair county. But this does not give them the right to unilaterally include Madison county--and the Quad-Cities--in their request to secede from the metropolitan St. Louis statistical labor market in order to qualify for federal funds as an economically-depressed area.

The Quad-Cities and this county are doing quite well, thank you, and can speak for themselves. There are areas of cooperation and harmonious relations with our neighbor to the south, as there should be, but this is not one; there is no mutual problem or common interest here.

Word May Be Changing Faster Now Than Ever Again In History

There have always been changes, usually for the better. Man has always been aware of his current progress, contrasting it favorably with the relative ignorance of the past. And he has assumed that no matter how enlightened he was at any one point in history, the future would always bring even faster expansion of knowledge and understanding.

A different view is taken in 1966 by the American Association for the Advancement of Science. Many of its officials and members feel that Quad-Cityans and Americans may now be in the midst of the most rapid change in the whole evolution of the human race, either past or to come.

To support this contention, they point out that commercial electronic computers are only a dozen years old. Telephone, television and satellites now flash one's voice and picture around the world in two seconds, not leaving much room for later improvement.

It is just a century since man first outsped land animals and birds. Yet in the past eight years we have escaped earth's gravity and traveled at 17,000 miles an hour in orbiting the earth.

What the AAAS ranks as the two major biological inventions of all time—control of germ diseases and development of contraceptives—date back just 100 years. These and related developments are called mainly responsible for the present population explosion—bringing with it the threat of a new Dark Age of worldwide famine and "jungle law" rather than abundance and the rule of reason—and also the still retained hope of controlling the explosion.

If man either voluntarily limits his numbers—ideally within the next 40 years when earth's population will have doubled—or in some other manner finds it possible to match the supply of basic needs with the demand for them, he may within a generation or two thereafter enter a golden age far outshining the "golden '60s" . . . a future age of stability in which all will have an opportunity to strive for rewarding and meaningful lives, rather than being diverted by lesser considerations.

'To Sell A Few More Papers'

(Editor & Publisher magazine)

There it is again. The author of a "letter to the editor" criticizes editors who "would rather jeopardize a defendant's right to a fair trial in favor of juicy headlines, spicy pictures, etc." Then he adds: "They would rather turn the courts into Roman circuses to sell a few more papers."

The accent should be on "few" because there are precious few additional papers sold, in the vast majority of newspaper towns, due to the headline or the picture on any particular day.

An average of 90% of the newspapers printed each day—that is 90% of more than 60,400,000 copies — is delivered to the home by carrier. Those people take the paper every day at home sight-unseen because of their faith in its performance. Sensationalism, rather than selling more papers, might very well lose readers among the home-delivered audience.

The vast majority of editors in this country, in our opinion, are not interested in sensationalism either in headlines or pictures for that reason, if not for other reasons. Their desire to cover police and court news is motivated only by their desire to report the news and to inform and protect the public.

Don't Double The City Sales Tax

Quad-Cityans agree with the Illinois Municipal League on many of its stands but again must disagree with the request for legislation permitting cities and villages to double their half-cent-a-dollar sales tax.

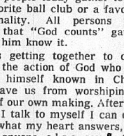

L. L. Sargent, IML executive secretary, is right in pointing out to Gov. Kerner that numerous municipal revenue bills failed at the 1965 General Assembly session. Perhaps the plight of some cities—in certain instances complicated by state laws raising salary minimums—is such that some of the legislation should be considered in 1967.

But a higher sales tax is simply too harmful to retail trade in border areas, of which Illinois has many. The resulting drift of business to states with lower sales taxes could be so great that overall sales tax income of border cities might decline rather than increase — defeating the purpose of doubling the tax.

If a nation values anything more than freedom, it will lose its freedom. If it is comfort or money that it values more, it will lose that, too.

THE PASTOR SPEAKS

REV. CARL L. JOHNSON
Peace Lutheran Church

Attending Church—What a drag! I go as little as possible and when I do go it is only for my wife who nags, nags all the time.

So the question is raised—Why Worship? It does us all good to really put the question before ourselves even if we do gather for worship every Sunday or even if we stand on the other side as a non-worshipper.

Does any good come out of this business of singing hymns, listening to ancient scripture and hearing some pastor preach? This question is big and involved but it's worth exploring. My reaction question would be: Why golf, boat or fish. It seems senseless to chase a little white ball, ride around in the water, or stare at a pole all day. The answers we get will be overwhelming for persons will say, "Why, it's much more than that—it is the sport of it. So it is with worship, it is not just singing hymns or listening to someone spout off—it is much more: it is "God counts" action.

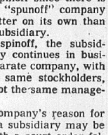

Since earliest days Christians have gathered together to celebrate the presence, power and worthiness of God. Just like many people today gather to see a favorite ball club or a favorite personality. All persons who know that "God counts" gather to let him know it.

This getting together to celebrate the action of God who has made himself known in Christ can save us from worshiping a God of our own making. After all, when I talk to myself I can only hear what my heart answers, not what anyone else says. Quit talking to yourself and let God talk to you.

Individual worship is not enough. Not enough to get off into the hills, or remain in bed or to struggle alone. For we will inevitably distort the nature and will of God in Christ. We will inevitably read the Bible according to our own individual bias, to fit our individual needs. We choose a God we want, not the God who died for us.

I will grant you that often we feel like we are attending a "shouting match," a lifeless program or a funeral. But how we feel is not very important. What is important is awareness of need to hear a word which speaks to us with God's love and calls us to respond. Why not turn God on instead of switching to another channel. He is waiting for you to act.

TODAY'S INVESTOR

BY THOMAS E. O'HARA
Chairman, Board of Trustees
National Association of Investment Clubs

Q. My broker tells me there are indications that a corporation in which I hold stock may conduct a "stock spinoff." He said this means I should hold onto my stocks since a spinoff might make them more valuable. What is a stock spinoff, how does it work, and how would it affect the value of my stock?

A. As your broker indicated, a stock spinoff can occur only when one firm owns a second one. What happens is this: The parent company will distribute stock of the subsidiary to persons who own stock in the parent firm. The stock is not offered on the open market, but is distributed as a "bonus".

Technically, the spinoff is not a "gift" or "bonus" since the stockholders who receive the new stock already "own" it in that they own the company that is giving it away.

However, you might look with favor on a spinoff since there is a chance the "spunoff" company may fare better on its own than it did as a subsidiary.

After the spinoff, the subsidiary generally continues in business as a separate company, with many of the same stockholders, but usually not the same management.

A parent company's reason for spinning off a subsidiary may be to comply with a court order following antitrust action or to get out of a certain line of business for other reasons.

Former Alderman Returns to GC

A former Granite City alderman of the 1920s has returned here to live. He is Veasie Dickey, 74, who is residing with his nephew, Mayor Partney.

Mr. Dickey, a former contractor, served two two-year terms as a Fifth Ward Alderman, and during his first term participated in the 1929 dedication of the present city hall building. He recalled the council had been meeting in the old fire hall on 19th street, now the civil defense building, prior to the dedication.

When an alderman, Mr. Dickey, resided on Cayuga street.

He moved from Granite City in 1942 and for the past four years lived at Evansville, Ind., where he farmed.

Dickey was introduced to the council by Fifth Ward Alderman Walter Nonn. The mayor added that he had been introduced to the city government and had been taught "how to be an alderman" by his uncle. "He used to take me to the meetings when I was a small boy," Mayor Partney remarked.

REQUEST FOR BIDS ON VINYL ASBESTOS FLOOR TILE BY THE CITY OF GRANITE CITY

Sealed bids will be received in the Office of the City Comptroller until 3 P.M. Monday, February 7, 1966 on the cost to the City for furnishing and installing 1/8 inch commercial grade vinyl asbestos tile on floors in the City Hall as follows: Inspector's Office, City Clerk's Office, Police Squad Room, Detectives' Office, Police Captain and Lieutenants' Office and Entrance Hall-Way on first floor.

Some of the floors will need some repairs prior to installation of the tile as the present covering is badly worn in many places.

In bidding, it is requested that the cost of the repairs and the cost of the tile and installation of same be given in total and also be itemized for each of the offices, the squad room and the hall-way, as previously listed.

Thos. Buckingham, 75, Dies; Was Hurt in Fall

Thomas Buckingham, 75, died at 11 a.m. Friday at his home, 2413 Madison avenue, where he had recently returned after being confined about six weeks in a hospital. He had been under medical care since sustaining several injuries in a fall at home eight weeks ago.

Mr. Buckingham was born in Erin, Tenn., and had lived in Granite City for 40 years. Until retiring six years ago, he was employed for 33 years as a millwright leader in the cold strip department of Granite City Steel Co. He was a member of the United Steelworkers Local 67.

He is survived by his wife, Mrs. Margaret Buckingham; one daughter, Mrs. Margaret Davis of San Diego, Calif.; four sons, Rex and Thomas Buckingham jr., both of Granite City, Truel Buckingham, Cahokia, and Lee Buckingham, San Diego, Calif.; two brothers, Lanny Buckingham, Granite City, and Carmack Buckingham of Wayne, Mich.; four sisters, Mrs. Anna Suitor, Lunan, Ark., Mrs. Pearl Knight, Glen Carbon, Mrs. Bessie Scott and Mrs. Claytie Rifkin, both of St. Louis, Mo.; 17 grandchildren and three great-grandchildren.

Funeral services were held at 1 p.m. today. Arrangements are given in today's obituary column.

6 TIPS FOR SAFER WINTER DRIVING

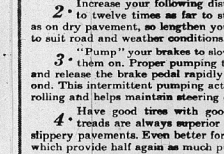

By Prof. A. H. Easton
Director, Motor Vehicle Research Laboratory
University of Wisconsin

1. Get the "feel" of the road. Accelerate carefully at low speed and away from other traffic to see if the wheels spin, then brake to see if they skid. Reduce speed accordingly, steer gently and smoothly, use gas and brake pedals sparingly.

2. Increase your following distance. It takes three to twelve times as far to stop on snow and ice as on dry pavement, so lengthen your following distance to suit road and weather conditions.

3. "Pump" your brakes to slow or stop—don't jam them on. Proper pumping technique is to apply and release the brake pedal rapidly once or twice a second. This intermittent pumping action keeps the wheels rolling and helps maintain steering control.

4. Have good tires with good treads. Good tire treads are always superior to smooth treads on slippery pavements. Even better for snow are snow tires, which provide half again as much pulling power as regular tires.

5. Always carry reinforced tire chains in the trunk of your car and use them for severe snow and ice conditions. They provide four to five times as much traction on snow or ice as regular tires.

6. Keep your windshield and windows clear at all times. Replace streaking wiper blades that may have been baked dry by summer sun. Be sure that your windshield washer solution contains adequate antifreeze.

2 Alton Men Obtain Election Petitions

Two Alton residents obtained petitions for the Democratic nomination to county offices Thursday and Friday at the office of Miss Eulalia Hotz, county clerk.

They are Stephen Kengedy, Alton township supervisor, who is to run for county treasurer, and Alton May, a former member of the county board of supervisors, who was non-committal and did not specify his office.

Kennedy is the third person to announce an interest in the treasurer's post now held by George Musso, who is running for another term as county sheriff. The others are Dan McGee of Venice, former treasurer, and John Maeras of Madison, chief administrative circuit clerk.

Kennedy has been on the county board for seven years, having served the first four years as an assistant supervisor. He is chairman of the five-county Illinois Welfare Association and chairman of the Madison county Advisory Committee on Economic Opportunity.

May formerly served on the county board for 14 years.

Police Investigating Report of Kidnaping

County and Granite City police are investigating a reported kidnapping of a Granite City area woman Saturday afternoon.

The 24-year-old married woman who lives on Rural Route One, close to the Wilshire area told county sheriff's officers that she was held five hours before being released unharmed at Bellemore Village shopping center.

She told authorities she was kidnapped by two men as she was leaving a doctor's office at Bellemore Village. She said they drove to a house, but she had no idea where it is located.

Portell Named to Post

Willard Portell of Granite City, Madison county circuit clerk, was named co-chairman of the legislative committee of the Circuit, Appellate and Supreme Court Clerks of Illinois during a meeting of the committee chairmen and executive committee of the organization Friday at Springfield.

Plan Cub Pack Dinner

Plans for a Feb. 23 blue and gold banquet of St. Joseph's school Cub Pack Seven were made during a Den Three meeting Saturday at the home of Mrs. Mary Earls, 2637 Edison avenue. A flag ceremony, table tennis rules and refreshments completed the session.

Nameoki, Clark Mishap

Autos driven by Nancy W. Koenig, 43, Moorland drive, and Erma K. Helms, 2400 Grand avenue, collided at 6:05 p.m. Friday at Nameoki road and Clark avenue as the Koenig woman was leaving the Kroger store parking lot.

Speeding Charge Filed

Charles A. Wood, 1525 St. Clair avenue, was arrested at 3:50 a.m. Saturday on a speeding charge in the 2900 block of Madison avenue. He was summoned for a hearing by Feb. 10.

Chamber Board Dinner

Eight committee reports will be considered during the February dinner meeting of Tri-Cities Chamber of Commerce directors at 6 p.m. Tuesday at the Rose Bowl.

Weekend Patrols Set For Two County Areas

Two one-man car patrols have been assigned for unincorporated areas of Madison county during weekends by County Sheriff Barney Fraundorf.

On duty from 9 a.m. to 5 p.m. Saturdays and Sundays will be Deputies Ewin Knezevich, 24, of Alton; Delbert Clemons, 31, of 1703 Third street, Madison; and Steve Lakin, 24, of Wood River. One patrol will include the Nameoki, Chouteau and Venice township area and the other will cover the Godfrey-Wood River area.

At a meeting Saturday morning of the county jail staff, regulations and responsibilities required under new state statutes were reviewed.

Two Persons Arrested After Auto Accident

While making a right turn off of Nameoki road, an auto operated by Jerry Hull, 2041 Washington avenue, struck the left rear of another driven by Frances A. Anderson, Worden, who was stopped on Edwards street waiting to make a left turn.

The Hull girl was charged with driving without a license. Owner of the auto, Helen B. Stephens, 4609 Kirkpatrick Home, was charged with permitting an unauthorized person to drive. They were summoned for hearings by Feb. 11.

Medallion Home Promotion Starts

Details of standards for Gold and Bronze Medallion Home electrical awards and a promotion program for 1966 were outlined by Illinois Power Co. during a meeting Thursday evening for over 80 persons connected with the home-building industry.

E. R. Applegate, power company promotion supervisor, presided at the dinner meeting held at Lewis & Clark restaurant, East Alton, for the general contractors, electrical contractors and electrical equipment representatives from the Quad-Cities, Edwardsville, Collinsville and Wood River areas.

Applegate announced the company will drop the Certified Adequate Wiring award from its 1966 program. City electrical codes have been upgraded over the years and now result in wiring installations equal to the National Adequate Wiring Bureau standards, he said.

The company will continue to prepare home wiring plans for customers who want to meet the Gold or Bronze Medallion Home standards.

Mrs. Grace Pinkston, 70, Dies Today

Mrs. Grace Carson Pinkston, 70, of 2161 Lee avenue, a 40-year resident of Granite City, died at 7:50 a.m. today at St. Elizabeth Hospital, following a three-month illness. She had been in the hospital for five days.

Born in Oakdale, Ill., Mrs. Pinkston was a member of Niedringhaus Memorial Methodist Church, the Philatha Class, Women's Society of Christian Service, Senior Citizen's Club, Granite City Republican Women's Club, and the Building Service Employees Union, Local 98.

Before retiring, she had been employed for 11 years as a cook at McKinley school.

Mrs. Pinkston is survived by five daughters, Mrs. Paul (Norma) Tilson, Mrs. Fred (Mary) Noeth, Mrs. Red (Janie) Patton, all of Granite City, Mrs. James (Evelyn) Short, East Chicago, Ind., and Mrs. Frank (Maude) Grady of Florissant, Mo.; two sons, Sam Carson, Granite City, and Wilmer Carson, Troy, Ill.; three brothers, Leonard, Lloyd and Ford Torrens, all of Wahoo, Nebr.; 29 grandchildren and 12 great-grandchildren. She was the widow of Charles Pinkston.

Funeral arrangements are given in today's obituary column.

Youth, 19, Found with Drink, Eats ID Card

A Glen Carbon youth, 19-year-old Jerry Williams, was arrested about 2:45 a.m. Saturday at the Johnny Lewis tavern in Madison on a charge of possessing and drinking an intoxicating beverage.

Madison police said the youth took a card out of his wallet and chewed it up and swallowed it as they approached. A waitress in the tavern said she was shown an ID card before the drinks were served.

Williams was released on $25 bond for a hearing Feb. 9.

Tri-City Grocery Co. Closes Bakery Shop

The Tri-City Grocery Co. closed its bakery operations at its State street warehouse Friday evening.

Sam Pershall jr., president of the firm, said the decision to close the shop was made because of a lack of volume. The grocery chain will obtain its bread from another firm starting next week, he added.

Between 15 and 20 persons were employed in the operation.

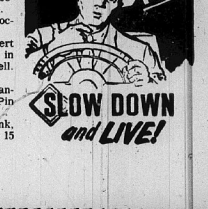

Man Charged in Mishap

Eddie J. Davis, 908 Webster street, West Madison, was charged with running a red traffic light after his auto collided with one driven by Jeff E. Caple, 508 Bend road, at 6:25 p.m. Friday at 20th street and Madison avenue. Davis was summoned for a hearing by Feb. 11.

Ronald Snelson Baptized

The sacrament of baptism was administered to Ronald James Snelson, a son of Mr. and Mrs. Ronald F. Snelson, 1822 Grand avenue, Sunday at First United Presbyterian Church by Rev. Dr. David B. Maxton, pastor, assisted by Herbert Parker, an elder.

REQUEST FOR BIDS ON VINYL ASBESTOS FLOOR TILE BY THE CITY OF GRANITE CITY

Sealed bids will be received in the Office of the City Comptroller until 3 P.M. Monday, February 7, 1966 on the cost to the City for furnishing and installing 1/8 inch commercial grade vinyl asbestos tile on floors in the City Hall as follows: Inspector's Office, City Clerk's Office, Police Squad Room, Detectives' Office, Police Captain and Lieutenants' Office and Entrance Hall-Way on first floor.

Some of the floors will need some repairs prior to installation of the tile as the present covering is badly worn in many places.

In bidding, it is requested that the cost of the repairs and the cost of the tile and installation of same be given in total and also be itemized for each of the offices, the squad room and the hall-way, as previously listed.

ORDINANCE NO. 2307

AN ORDINANCE SETTING UP CERTAIN TRAFFIC CONTROLS IN THE CITY OF GRANITE CITY, ILLINOIS

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GRANITE CITY, ILLINOIS:

SECTION 1: That the following intersection controls at the following locations are hereby declared to be the traffic controls at said locations by which traffic of vehicles will be governed, and drivers are required to yield as indicated by the signs erected at said following locations:

Location	Effective Control
Wilson and Buxton	Yield on Wilson
Wilson and Marshall	Yield on Wilson
Wilson and Warren	Yield on Wilson
Willow and St. Clair	Yield on Willow north side at St. Clair
Ash and St. Clair	Yield on Ash north side at St. Clair
St. Clair	Yield on St. Clair going southwest where St. Clair median ends

SECTION 2: The Superintendent of Streets is hereby authorized and directed to post appropriate signs along and upon the said streets for the purpose of enforcing this Ordinance.

SECTION 3: This Ordinance shall be in full force and effect from and after its passage, approval and publication, as provided by law, and upon the installation of the proper control signs at said locations by the Superintendent of Streets.

SECTION 4: Any person, firm or corporation violating any provisions of this Ordinance shall be punished by a fine of not more than One Hundred Dollars ($100.00).

SECTION 5: All Ordinances and parts of Ordinances in conflict herewith are hereby repealed.

PASSED by the City Council of the City of Granite City, Illinois, this 24th day of January, A. D., 1966.

APPROVED by the Mayor of the City of Granite City, Illinois, this 26th day of January, A. D., 1966.

INVITATIONS FOR BIDS

The Madison County Housing Authority will receive separate bids for Additions and Alterations to Present sites, including: Blacktop surfacing, Protected Metal Screens and Chain Link Fence, and Lawns and Planting at Project Ill. 15-2, Ferd A. Garesche Homes, located in Madison, Illinois, and Project, Ill. 15-2, Viola Jones Homes, located in Venice, Illinois, until 2:00 P.M., C.S.T., on the 18th day of February, 1966, at the office of the Housing Authority, Market and Washington Streets, Madison, Illinois, at which time and place, if two or more bids are received for each item of work, all bids will be publicly opened and read aloud.

Forms and contract documents will be on file at the office of the Housing Authority, Market and Washington Streets, Madison, Illinois, and at the office of Architectural Engineers, 331 North 8th Street, East St. Louis, Illinois, on January 27, 1966. Copies may be obained by depositing $25.00 with the Housing Authority for each set of documents. Such deposits will be refunded when documents are returned in good condition within ten (10) days after bid opening.

A certified check or bank draft, payable to the Madison County Housing Authority, U. S. Government bonds, or a satisfactory bid bond executed by the bidder and acceptable sureties in an amount equal to five per cent (5%) of the bid shall be submitted with each bid.

The successful bidder will be required to furnish and pay for satisfactory performance and payment bond or bonds.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the Specifications must be paid on this project.

The bidder shall not include any Illinois Retailer's use tax in his bid. Exemption certificates for these taxes will be furnished by the Local Authority.

The Madison County Housing Authority reserves the right to reject any or all bids or to waive any informalities in the bidding, and if only one bid is received for any item to return it unopened to the bidder.

No bid shall be withdrawn for a period of forty-five (45) days subsequent to the opening of bids.

Thos. Buckingham, 75, Dies; Was Hurt in Fall

Thomas Buckingham, 75, died at 11 a.m. Friday at his home, 2413 Madison avenue, where he had recently returned after being confined about six weeks in a hospital. He had been under medical care since sustaining several injuries in a fall at home eight weeks ago.

Mr. Buckingham was born in Erin, Tenn., and had lived in Granite City for 40 years. Until retiring six years ago, he was employed for 33 years as a millwright leader in the cold strip department of Granite City Steel Co. He was a member of the United Steelworkers Local 67.

He is survived by his wife, Mrs. Margaret Buckingham; one daughter, Mrs. Margaret Davis of San Diego, Calif.; four sons, Rex and Thomas Buckingham jr., both of Granite City, Truel Buckingham, Cahokia, and Lee Buckingham, San Diego, Calif.; two brothers, Danny Buckingham, Granite City, and Carmack Buckingham of Wayne, Mich.; four sister, Mrs. Anna Suiter, Truman, Ark., Mrs. Pearl Knight, Glen Carbon, Mrs. Bessie Scott and Mrs. Claytie Rifkin, both of St. Louis, Mo.; 17 grandchildren and three great-grandchildren.

Funeral services were held at 1 p.m. today. Arrnagements are given in today's obituary column.

6 TIPS FOR SAFER WINTER DRIVING

By Prof. A. H. Easton
Director, Motor Vehicle Research Laboratory
University of Wisconsin

1. Get the "feel" of the road. Accelerate carefully at low speed and away from other traffic to see if the wheels spin, then brake to see if they skid. Reduce speed accordingly, steer gently and smoothly, use gas and brake pedals sparingly.

2. Increase your following distance. It takes three to twelve times as far to stop on snow and ice as on dry pavement, so lengthen your following distance to suit road and weather conditions.

3. "Pump" your brakes to slow or stop—don't jam them on. Proper pumping technique is to apply and release the brake pedal rapidly once or twice a second. This intermittent pumping action keeps the wheels rolling and helps maintain steering control.

4. Have good tires with good treads. Good tire treads are always superior to smooth treads on slippery pavements. Even better for snow are snow tires, which provide half again as much pulling power as regular tires.

5. Always carry reinforced tire chains in the trunk of your car and use them for severe snow and ice conditions. They provide four to five times as much traction on snow or ice as regular tires.

6. Keep your windshield and windows clear at all times. Replace streaking wiper blades that may have been baked dry by sunshine. Be sure that your windshield washer solution contains adequate antifreeze.

2 Alton Men Obtain Election Petitions

Two Alton residents obtained petitions for the Democratic nomination to county offices Thursday and Friday at the office of Miss Eulalia Hotz, county clerk.

They are Stephen Kennedy, Alton township supervisor, who is to run for county treasurer, and Alton May, a former member of the county board of supervisors, who was non-committal and did not specify his office.

Kennedy is the third person to announce an interest in the treasurer's post now held by George Musso, who is running for another term as county sheriff. The others are Dan McGee of Venice, former treasurer, and John Maeras of Madison, chief administrative circuit clerk.

Kennedy has been on the county board for seven years, having served the first four years as an assistant supervisor. He is chairman of the five-county Illinois Welfare Association and chairman of the Madison county Advisory Committee on Economic Opportunity.

May formerly served on the county board for 14 years.

Police Investigating Report of Kidnaping

County and Granite City police are investigating a reported kidnapping of a Granite City area woman Saturday afternoon.

The 24-year-old married woman who lives on Rural Route One, close to the Wilshire area told county sheriff's officers that she was held five hours before being released unharmed at Bellemore Village shopping center.

She told authorities she was kidnapped by two men as she was leaving a doctor's office at Bellemore Village. She said they drove to a house, but she had no idea where it is located.

Portell Named to Post

Willard Portell of Granite City, Madison county circuit clerk, was named co-chairman of the legislative committee of the Circuit, Appellate and Supreme Court Clerks of Illinois during a meeting of the committee chairmen and executive committee of the organization Friday at Springfield.

Plan Cub Pack Dinner

Plans for a Feb. 23 blue and gold banquet of St. Joseph's school Cub Pack Seven were made during a Den Three meeting Saturday at the home of Mrs. Mary Earls, 2837 Edison avenue. A flag ceremony, table tennis rules and refreshments completed the session.

Nameoki, Clark Mishap

Autos driven by Nancy W. Koenig, 43, Moorland drive, and Erma K. Helms, 2400 Grand avenue, collided at 6:05 p.m. Friday at Nameoki road and Clark avenue as the Koenig woman was leaving the Kroger store parking lot.

Speeding Charge Filed

Charles A. Wood, 1525 St. Clair avenue, was arrested at 3:20 a.m. Saturday on a speeding charge in the 2900 block of Madison avenue. He was summoned for a hearing by Feb. 10.

Chamber Board Dinner

Eight committee reports will be considered during the February dinner meeting of Tri-Cities Chamber of Commerce directors at 6 p.m. Tuesday at the Rose Bowl.

Weekend Patrols Set For Two County Areas

Two one-man car patrols have been assigned for unincorporated areas of Madison county during weekends by County Sheriff Barney Fraundorf.

On duty from 9 a.m. to 5 p.m. Saturdays and Sundays will be Deputies Ewin Knezevich, 24, of Alton; Delbert Clemons, 21, of 1703 Third street, Madison; and Steve Lakin, 24, of Wood River. One patrol will include the Nameoki, Chouteau and Venice township area and the other will cover the Godfrey-Wood River area.

At a meeting Saturday morning of the county jail staff, regulations and responsibilities required under new state statutes were reviewed.

Two Persons Arrested After Auto Accident

While making a right turn off of Nameoki road, an auto operated by Rita Hull, 2041 Washington avenue, struck the left rear of another driven by Frances A. Anderson, Worden, who was stopped on Edwards street waiting to make a left turn.

The Hull girl was charged with driving without a license. Owner of the auto, Helen B. Stephens, 4609 Kirkpatrick Homes, was charged with permitting an unauthorized person to drive. They were summoned for hearings by Feb. 11.

Medallion Home Promotion Starts

Details of standards for Gold and Bronze Medallion Home electrical awards and a promotion program for 1966 were outlined by Illinois Power Co. during a meeting Thursday evening for over 80 persons connected with the home-building industry.

E. R. Applegate, power company promotion supervisor, presided at the dinner meeting held at Lewis & Clark restaurant, East Alton, for the general contractors, electrical contractors and electrical equipment representatives from the Quad-Cities, Edwardsville, Collinsville and Wood River areas.

Applegate announced the company will drop the Certified Adequate Wiring award from its 1966 program. City electrical codes have been upgraded over the years and now result in wiring installations equal to the National Adequate Wiring Bureau standards, he said.

The company will continue to prepare home wiring plans for customers who want to meet the Gold or Bronze Medallion Home standards.

Mrs. Grace Pinkston, 70, Dies Today

Mrs. Grace Carson Pinkston, 70, of 2161 Lee avenue, a 40-year resident of Granite City, died at 7:50 a.m. today at St. Elizabeth Hospital, following a three-month illness. She had been in the hospital for five days.

Born in Oakdale, Ill., Mrs. Pinkston was a member of Nierringhaus Memorial Methodist Church, the Philatha Class, Women's Society of Christian Service, Senior Citizen's Club, Granite City Republican Women's Club, and the Building Service Employees' Union, Local 98. Before retiring, she had been employed for 11 years as a cook at McKinley school.

Mrs. Pinkston is survived by five daughters, Mrs. Paul (Norma) Tilson, Mrs. Fred (Mary) Noeth, Mrs. Red (Janie) Patton, all of Granite City, Mrs. James (Evelyn) Short, East Chicago, Ind., and Mrs. Frank (Maude) Grady of Florissant, Mo.; two sons, Sam Carson, Granite City and Wilmer Carson, Troy, Ill.; three brothers, Leonard, Lloyd and Ford Torrens, all of Walton, Nebr.; 29 grandchildren and 12 great-grandchildren. She was the widow of Charles Pinkston.

Funeral arrangements are given in today's obituary column.

Youth, 19, Found with Drink, Eats ID Card

A Glen Carbon youth, 19-year-old Jerry Williams, was arrested about 2:45 a.m. Saturday at the Johnny Lewis tavern in Madison on a charge of possessing and drinking an intoxicating beverage.

Madison police said the youth took a card out of his wallet and chewed it up and swallowed it as they approached. A Waitress at the tavern said she was shown an ID card before the drinks were served.

Williams was released on $25 bond for a hearing Feb. 9.

Tri-City Grocery Co. Closes Bakery Shop

The Tri-City Grocery Co. closed its bakery operations at its State street warehouse Friday evening.

Sam Pershall jr., president of the firm, said the decision to close the shop was made because of a lack of volume. The grocery chain will obtain its bread from another firm starting next week, he added.

Between 15 and 20 persons were employed in the operation.

Man Charged in Mishap

Eddie L. Davis, 908 Webster street, West Madison, was charged with running a red traffic light after his auto collided with one driven by Jeff E. Caple, 508 Bend road, at 6:25 p.m. Friday at 20th street and Madison avenue. Davis was summoned for a hearing by Feb. 11.

Army Staff Sgt. William T. Landman jr., whose parents live at 2833 Palmer avenue, is participating in a four-week field training exercise conducted by the 4th Armored Division at Grafenwohr, Germany.

During the exercise, scheduled to end Feb. 11, Sgt. Landman is taking part in weapons firing and tactical maneuvers as part of an annual Army program to maintain the proficiency of combat units.

Landman, a tank commander in Company A, 3d Battalion of the division's 37th Armor near Crailsheim, entered the Army in 1957 and arrived overseas on this tour of duty in 1963.

The 30-year-old sergeant attended Granite City high school. His wife, Mary Ann, is with him in Germany.

Parked Car, Tree Hit

The steering mechanism failed on an auto driven by Michael Allen Farmer, 2505 Grand avenue, causing it to strike the right rear of an auto owned by Carl Werths, 2634 Madison avenue, while the Werths' car was parked in front of his home about 10 a.m. Friday. Farmer's auto knocked down a small oak tree and came to a halt on the sidewalk. Farmer was charged with careless driving.

Jill-Davis Accident

Autos driven by Martha S. Hurt, 2720 National avenue, and Roland Davis, Rural Route One, collided at Jill and Davis avenues at 8:57 p.m. Thursday.

March of Dimes 'Mothers' March' Tonight

A volunteer force of nearly 200 women is expected to knock on hundreds of doors in the Quad-Cities this evening, as the annual "Mothers' Marches" get under way about six o'clock.

Contributions will enable the 1966 March of Dimes Foundation to provide assistance for victims of polio and birth defects, to further research and help young persons continue their studies in health education and finance the free Salk oral vaccine polio prevention program.

Door-to-door solicitations will be made in Granite City, Madison, Pontoon Beach and Stallings, with residents reminded by campaign leaders to turn on their front porch lights to aid the volunteer workers.

Leaders of Marches

Spearheading the "Mothers' March" in the Granite City area are Mrs. Lloyd C. Harris and Mrs. Weldon C. Burch, who announced today that Thomas Staicoff, president of the Village of Pontoon Beach, will captain an enlisted group from his area.

Madison homeowners will be contacted by members of the Madison Junior Service Club, directed by Mrs. Leonard A. Hyla and Mrs. Charles A. Volosky, while Mrs. Jane Becker is handling the drive for funds in the Mitchell area.

Covering the remainder of Granite City will be individual neighborhood women, headed by 32 campaign leaders, one in each of the city's voting precincts. Names of additional captains announced by the co-chairmen over the weekend include Mrs. Janet Cross, Mrs. Carol Kinder, Mrs. Dorothy Wheeler, Mrs. Dorothy Maer, Mrs. Frances Hartman, Mrs. Jean Beatty, Mrs. Josephine Gibson and Mrs. Ellen Cain, who will direct Beta Sigma Phi Sorority volunteers.

VHS Activities

Concluding March of Dimes activities in the Quad-Cities for the current campaign, Venice high school students will sponsor their ninth consecutive "Teens Against Polio" project in their own community with a dance and sack supper at 5:30-7:30 p.m. Wednesday, in the Venice school.

Last year, the Venice TAP workers collected $241 for the March of Dimes drive. At the dance, a "King and Queen" will be selected from candidates nominated by each class.

Nominees include Barbara Manier and Charles Smith, seniors; Pat Sitton and Robert McIntosh, juniors; Judy Austin and Tom McIntosh, sophomores; and Margie McGarrahan and Robert Foley, freshmen. The retiring royalty is Glenda Brown and Russell Turner.

By Press-Record Staff Photographer

MARCH OF DIMES CONTRIBUTION is offered by Mrs. Dorothy Ketcham and daughter, Louise, 3925 Lake street, to start the "Mothers' March" in the Pontoon Beach area. Heading volunteer workers in the village is Thomas Staicoff, president of the board of trustees, shown calling at the Ketcham home.

Gas Explosion Rips Through House, 3 Occupants Injured

A gas explosion ripped through the home of Mrs. Eva Sykes, 2618 West 22nd street, at about noon Thursday, causing considerable damage and injuries to three occupants.

Mrs. Sykes, 62, was treated and x-rayed for a bruised hip at St. Elizabeth Hospital, and her son, William Sykes, 24, was treated for burns to the face. Both were released. Her grandson, Mark Beckley, five, suffered minor burns and was given treatment at the Granite City Army Depot infirmary.

The explosion occurred when Mrs. Sykes turned on her gas stove in the kitchen to prepare lunch. All of the windows in the two-story frame structure were blown out, and walls and ceilings were bulged and separated.

Two leaks in the gas line outside of the house were found by an Illinois Power Co. crew, and it was believed that gas seeped along the underground pipeline into the house.

No estimate on the amount of damage was made, but Granite City firemen said the shingle-covered house would be valued at $9000 to $10,000.

Four Thomason Boys In Service 63 Years

Four sons of Mr. and Mrs. C. D. Thomasson, 1738 Cleveland blvd., have served a total of 63 years in military service.

One is Spec. 4 Kenneth Thomasson who recently returned from Korea where he served for the past four years. A brother, James, is now retired after serving 20 years in the Navy and the Army.

Another brother, Russell Dale, is a veteran of the Korean war and is now assigned at Fort Meade, Md. The youngest, Charles, currently is serving at Chu Lai, Vietnam.

In addition, the Thomasson's have three nephews in service, including one in Vietnam, another in Germany and the third in a submarine school in Massachusetts.

The Thomassons also comprise an international family. Kenneth is married to a Korean, while the other wives are Syrian, English and German.

Army Seeks Applicants As Technical Nurses

Bernard D. Compton, 2633 Lincoln avenue, an employee of the Catalog and Technical Division of the Army Mobility Equipment Center in St. Louis, recently received an Army suggestion award for $375.

Estimated to save $7440 annually, Compton's suggestion concerned programming a new listing technique for federal government stock numbers. Presentation of the award was made by Col. G. A. Sweeten, deputy commander of the center, which has the logistical responsibility for the Army's surface, rail, marine and amphibious equipment on a global basis.

Attend Business Meeting

Marion "Buzz" Morris and Harry Kortkamp of Triangle Heating Co. were among about 250 midwestern air conditioning dealers attending a St. Louis meeting at which it was predicted industry volume would top $3 billion in 1966.

Fred Hohman Named To Manager's Post

Fred E. Hohman, assistant vice-president of Chicago Title and Trust, has been named manager of the company's Madison County office in Edwardsville. He succeeds L. Raymond Berger.

Hohman had served as regional manager of the Edwardsville and Springfield offices before being named a vice-president in 1964. He has been in charge of the company's Peoria county division.

Milosevich Assigned To Fleet Squadron

Machinist's Mate Firemen Apprentice Jack M. Milosevich, USN, son of Mr. and Mrs. Emil Milosevich of 2627 Highway 67, has reported for duty with Fleet Tactical Support Squadron Eight (VR-8) based at the Naval Air Station in Miramar, Calif.

VR-8 is the maintenance squadron of the Naval Air Transport Wing, Pacific—the Navy wing of the Air Force's Military Air Transport Service (MATS).

College Night Program Set Tuesday at GCHS

Representatives of various colleges and universities will be on hand at a College Night program to be held at 7:30 p.m. Tuesday at Granite City high school.

Junior and senior students and their parents may discuss various programs and opportunities offered by the educational institutions.

The program will open with a general meeting in the school auditorium, and the representatives then will disperse to various classrooms for individual discussions.

AF Capt. David Howard At Air University

Air Force Capt. David E. Howard, whose wife is the former Margaret Moerlien, a daughter of Alderman and Mrs. Charles Moerlien, 1316 Edwardsville road, has entered the Air University's Squadron Officer School at Maxwell Air Force Base, Ala.

Capt. Howard, a graduate of the Madison high school, attended Yuba College, Marysville, Calif., and was commissioned in 1958 through the aviation cadet program. He will receive 14 weeks instruction at the senior USAF professional school.

Airman Receives Promotion

Richard Byrd, U. S. Air Force, stationed with his wife and son at Chandler Air Force Base, Minnesota, is being promoted to airman first class, effective Feb. 1. A son of Mrs. Gene Byrd, 1547 Collinsville avenue, Madison, he is a radio and radar technician.

SIU-SW Health Service Growing with Campus

Aspirin and cold remedies were about the extent of the health services available to students of Southern Illinois University-Southwestern Campus Alton and East St. Louis teaching centers when they first opened back in 1957.

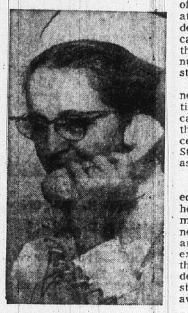

Now the picture at the two centers and at SIU-SW's newly-opened 2600-acre campus is vastly different, due to an upgrading and expansion program in the health field which began in earnest in 1961.

Today, all three campuses have modern, well-equipped health service offices which are staffed by graduate registered nurses. The University also has arrangements with local physicians who will take care of sudden serious illness or injury to a student.

Included Benefits

In cases where a student cannot be treated by the nurses on campus, he will be referred to the university-designated doctor or to the hospital emergency room. Provided the student has paid the quarterly activity fee required to make him eligible for such benefits, the University will pay an ambulance charge, if that is necessary, or the doctor's fee or hospital out-patient charge.

In certain instances where geography would make it a hardship on the student to see the university doctor at Alton, East St. Louis or new campus, the health service may refer him to his home town physician.

MRS. MARGARET PARKS
Head SIU-SW Nurse

The health service staffs at Alton and East St. Louis consist of one full-time registered nurse at each center assisted by student employes who handle clerical detail. On the new campus, there are two full-time registered nurses and one part time, plus student clerical help.

Should ambulance service be needed at any of the three locations, a call is placed to the campus security police office at the new campus or to health center offices in Alton or East St. Louis which in turn summon as many as necessary.

Other Services

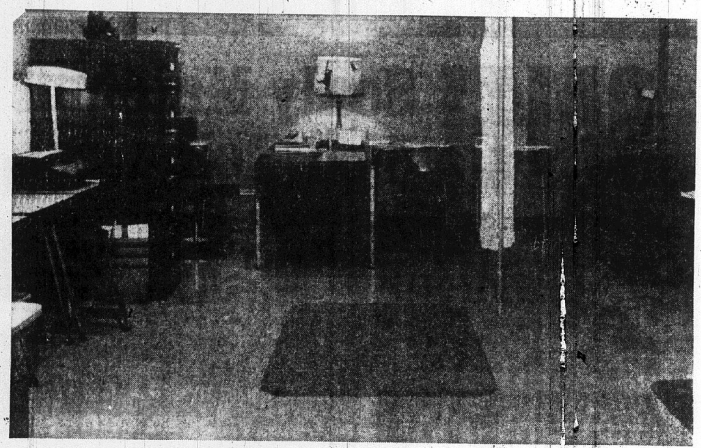

The two teaching centers have equipment for testing vision and hearing, and vision testing equipment will be available at the new campus. Although students are expected to have physical examinations before enrolling, this equipment has on occasion detected ailments of which the students were not previously aware.

The health service facilities at the new campus are temporarily located in the library basement, but will be moved to the new science building when it is finished. There, two 35-by-35-foot rooms have been set aside for its use. These will be partitioned to provide space for examination rooms, a workroom, an emergency and cast room, a reception room, business office, and nurses' office. Eventually, a physician will be engaged full time and X-ray equipment, a laboratory, and a prescription drug room will be added. Only non-prescription drugs are dispensed by the nurses at present.

Hospitalization Coverage

In addition to the services of these facilities—which are also available to faculty and staff on an emergency basis only—other major benefits are provided the student body through SIU-SW's health program. Every enrollee who pays the quarterly activity fee is automatically covered by hospitalization insurance of up to $1500 for an accident or illness, whether it originates on campus or not. Married students may even include their wives (or husbands) and children as optional coverage if they wish.

In addition to the medical facilities and hospitalization, the activity fee also helps pay for appearances on campus of well-known speakers and concert artists, intramural sports programs, publication of the campus newspaper and the yearbook, choral and band programs, and student union facilities.

STUDENT HEALTH SERVICE facilities at the new SIU-SW Campus are currently located in the library basement. Eventually the health service will be located in two 35 by 35 foot rooms in the new science building when it is finished.

A **BLOOD SAMPLE** is taken by Mrs. Virginia Armstead, a nurse at the Alton center of SIU-SW, from coed Barbara Paddock of Alton.

MORE ABOUT

Firemen Brave

early morning alarm. No estimate of the damage was given.

Granite City firemen were called out on 14 alarms over the weekend, including one about 7:30 a.m. Saturday when it was still subzero, and Albert Connor, 2903 Harding avenue, was attempting to thaw a water pipe in an outside wall.

Quick arrival by firemen saved the house as flames shot up inside the wall. Damage was estimated at $100.

Frozen Water Pipes

At noon Sunday, firemen went to the frame home of Oral Starbuck, 2700 Cayuga street, where a fire broke out under the house where an attempt was being made to thaw a water pipe. Damage to the structure was estimated at $50.

An overheated furnace set fire to soot in the chimney at the home of Stella Rust, 2509 Madison avenue, about 6:10 p.m. Friday. There was no damage.

Other fires on Saturday included an auto fire about 2:30 a.m. at 1323 Rhodes street. A cigaret burned the front seat in a car owned by Jack Brady, causing $50 damage.

Firemen made a dry run to the home of Samuel Shackelford, 2914 Palmer avenue, at 11:45 a.m. when steam being emitted from a clothes drier vent was thought to be smoke from a fire.

A blaze broke out about 10:20 p.m. Saturday in the basement of the frame home of Harvey Ottinger, 2118, Bryan avenue, caused by a short circuit in the wiring. Damage was set at $250.

Trash Fires Cause Damage

Earlier Saturday, firemen extinguished a grass fire at the home of Mrs. Frieda Gaillor, 2422 Hodges avenue, about 12:45 p.m.; a shrubbery fire about 2:45 p.m. at the home of George Vogeler, 2208 Amos avenue, where there was $25 damage, and a weed fire about 2 p.m. in a field at Clark avenue and Terrace lane. All of the blazes were caused by burning trash being blown by the wind.

At 1:45 a.m. Sunday, also subzero weather, firemen went to 3161 Myrtle avenue, where a short circuit in the wiring of a 1955 auto owned by James Cash, resulted in a $200 loss.

At 8:55 a.m. Sunday, firemen went to 1511 Clark avenue, where John Montgomery had put a blanket on the engine of his 1962 auto and a short circuit developed, causing a blaze and $150 damage to the car.

Another weed fire caused by burning trash was extingushed about 2 p.m. Sunday at 2700 Roosevelt street; and at 4:30 p.m. firemen went to Union Starch & Refining Co., where an overheated drier touched off a sprinkler unit. No damage was reported.

A carburetor backfire caused $125 damage to the auto of Rita Pellazari, 1220a Madison avenue, at 8 p.m. Friday in the 2400 block of Madison avenue.

About $300 damage resulted from a fire at 2:30 p.m. yesterday at the Dale C. Rea home, 3214 Wilshire drive. Long Lake Fire Chief Jack Harper said the cause was not determined. Long Lake volunteers also were called Sunday to a gas heater fire on Kaseberg lane; it caused minor damage to a floor. The name of the occupant was not given.

School Staffers Point Out Benefits of Area's PTAs

The Granite City Area PTA Council heard of the benefits of PTA from a principal and teachers during a panel program Thursday evening at Washington school. B. J. Davis, administrative assistant for the school district, was moderator, and the panelists were A. E. Menendez, principal at Lake school, and Miss Louise Dexheimer and Mrs. Evelyn Gavin, teachers.

Miss Dexheimer said the PTA ranks first in helpful groups, working with the Illinois School Board Association and the Illinois Education Association in boosting the state's foundation level for schools from $252 per pupil to $330, along with helping develop a master plan for junior colleges.

Mrs. Gavin pointed out teachers can better inform parents through PTA; and Menendez said there is better understanding with improved home and school cooperation through PTA.

Mrs. Lucille Caban, council president, announced the eighth annual appreciation dinner will be held Feb. 10 at the high school cafeteria with County Supt. Wilbur Trimpe as speaker. Reservations are to be made by Thursday with Lee Reid.

A life membership will be presented to an outstanding PTA worker by last year's winner, Vasil Georgeff.

Store Window Smashed

Vandals hurled a brick through a large plate glass display window yesterday evening at the Salle Ann Shops, 19th street and Edison avenue. Police notified the proprietor who had the window boarded.

JOHN R. PATTON

Patton is Promoted By General Steel

John R. Patton has been appointed director of research and chief metallurgist for the castings division of General Steel Industries, it was announced Friday by D. J. Davis, vice-president and general manager here.

Patton was formerly a plant metallurgist here and later sales engineer with GSI's National Roll division at Avonmore, Pa. He assumes his new duties as director of the firm's million-dollar laboratory at the local plant.

Clyde B. Jenni, formerly chief metallurgist and director of research, will continue to serve as metallurgical consultant.

Sheriff Seeks Pinball Ban For Rural Areas of County

A ban on pinball machines in the unincorporated areas of Madison county is being sought by Sheriff Barney Fraundorf, who also is making two other requests of the board of supervisors.

In separate appeals, Fraundorf also is asking that a juvenile officer be hired for his department and that the county create a merit system for the deputy sheriffs.

The sheriff is sending a copy of a Cook county ordinance to the county board as a possible model for Madison county to ban pinball and pigeon hole games. He added that a number of the machines are in stores close to schools and youngsters are using lunch money to play.

Hiring a juvenile officer is necessary because of the state's Jan. 1 changes in the juvenile code, the sheriff said. He is requesting the merit system be established with a merit board selected to oversee salaries, budgets and conduct of officers.

The sheriff is seeking permission to appear before the county board to further explain the three requests.
